## NEW SELECTIONS FROM TBR BOOK CLUB

### *Spirits in Stone: The Secrets of Megalithic America—Decoding the Ancient Cultural Stone Landscapes of the Northeast*

**NEW!** In this comprehensive guide to hundreds of lost, forgotten and misidentified megalithic stone structures in the northeastern U.S.A., Glenn Kreisberg documents many enigmatic formations still standing across the Catskill Mountain and Hudson Valley region, complete with functioning solstice and equinox alignments. Sites include the “Wall of the Manitou,” “Devil’s Tombstone” and Overlook Mountain. *Spirits in Stone* is a groundbreaking study of ceremonial stone landscapes in northeast America and their relationship to other sites around the world. Kreisberg provides a first-person description of the Wall of the Manitou, which runs for 10 miles along the eastern slopes of the Catskill Mountains, as well as narratives about related sites that include animal effigies, reproductive imagery, calendar stones, enigmatic inscriptions and evidence of celestial alignments. Using computer software, he plots the trajectory of the Hammonasset Line, which begins at a burial complex near the tip of Long Island and runs to Devil’s Tombstone in Greene County, New York. He shows how the line runs at the same angle that marks the summer solstice sunset from Montauk Point on Long Island and, when extended, intersects the ancient copper mines of Isle Royal in Upper Michigan. He documents a several-acre area on Overlook Mountain in Woodstock with a grouping of large, carefully constructed lithic formations—including cairns, perched boulders and effigies—that together create a serpent figure, mirroring the constellation Draco. He demonstrates

how this site is related to the Serpent Mound in Ohio and reveals how all of the vast, interlocking sites in the northeast were part of an ancient spiritual landscape based on a sophisticated understanding of the cosmos, as practiced by ancient inhabitants of the Americas. Includes an enlightening foreword by world-renowned maverick archeologist Graham Hancock, author of *Magicians of the Gods*. Softcover, 432 pages, 376 B&W illustrations, #806, \$25.

### *The Jew, the Gypsy and El Islam*

**NEW!** Sir Richard F. Burton (1821-1890) was a captain of the Bombay Army, co-discoverer of the source of the White Nile with Joshua Speke, and British consul on the island of Fernando Po, at Santos, Brazil, at Damascus, Syria and at Trieste, Austria-Hungary. He was one of the most important linguists of his day, creating a direct-from-Arabic English translation of the *Arabian Nights*. He was one of the original English translators of the *Kama Sutra*, an excellent swordsman and was knighted in 1886. This book, written in 1898, consists of three extended essays that Burton had been working on for many years prior to his death. The “gypsy” portion details a group of people who are nearly invisible, their machinations going nearly undetected. The insightful details featured in the portion on Islam are of obvious topical interest today. However, the real treat is the portion containing his observations on the Jews he came across on his travels. This essay was four times longer in its original unpublished format, which is now kept locked up in the archives of the Board of Deputies of British Jews. The story of how they got their hands on the manuscript is discussed. Softcover, 214 pages, #809, \$16.

### *Jewish Ritual Murder: A Historical Investigation*

**NEW!** Wild claims about the sacrifice of Christian children have been made against the Jews for centuries. Most consider these accusations to be anti-Semitism at its very worst, though many cultures sacrificed children in antiquity, including the Carthaginians. In this book by Dr. Hellmut Schramm, first published in 1943 in National Socialist Germany, the author weighs the evidence for and against this practice to determine whether such sacrifices were taking place in modern times. He analyzes the many cases of bodies found of small children who appeared to show evidence of ritual blood-letting. He also examines the practice of the sale of blood at certain times of the year to Jews for religious purposes. Contains chapters on ritual murder before 1840, famous cases from Damascus, Corfu, Xanten, Polna, Konitz and Kiev and extensive appendices reproducing testimonies given at nine famous court cases involving alleged ritual murder. New revised edition 2017. Softcover, 477 pages, #810, \$27.

### *Hoover: An Extraordinary Life in Extraordinary Times*

**NEW!** Here is the definitive biography of Herbert Hoover, one of the most remarkable Americans of the 20th century—a wholly original account that will forever change the way Americans understand the man, his presidency, his battle against the Great Depression and their own history. Author Kenneth Whyte vividly recreates Hoover's rich and dramatic life in all its complex glory. He follows Hoover through his impoverished Iowa boyhood, his cutthroat business career, his brilliant rescue of millions of lives during World War I and the 1927 Mississippi floods, his misconstrued presidency, his defeat at the hands of a ruthless FDR, his devastating years in the political wilderness, his return to grace as Truman's emissary to help European refugees after WWII and his final vindication in the days of Kennedy's "New Frontier." Ultimately, Whyte brings to light Hoover's complexities and contradictions as well as his profound political legacy. Hardcover, deckled edge, 752 pages, #805, \$35.

### *The Holocaust: An Introduction —Exploring the Evidence*

**NEW!** By Thomas Dalton. The Holocaust was perhaps the greatest crime of the 20th century. Six million Jews, we are told, died by gassing, shooting, and deprivation. Much has been written about this crime. And yet much remains a mystery. Even some basic questions have no clear answers. For example, we would like to know: Where did the six million figure come from? How, exactly, did the gas chambers work? Why do we have so little physical evidence from major death camps? Why haven't we

found even a fraction of the six million bodies, or their ashes? Why has there been so much media suppression and governmental censorship on this topic? In a sense, the Jewish holocaust is the greatest murder mystery ever. Not only is it a fascinating story in its own right, but it can point us to deeper truths about our contemporary society. It is a topic of greatest importance for the present day. Let's explore the evidence, and see where it leads. Softcover, 128 pages, 13 illustrations, #816, \$15.

### *Forsaken But Not Forgotten: America's Most Shameful National Secret Revealed*

**NEW!** It would be shameful if the U.S. government turned its back on one captured American. But between the Russian civil war, World War II, the Korean War, Vietnam and the Cold War, as many as 30,000 American soldiers, sailors, marines, airmen and civilians were knowingly abandoned by this country's leaders. Inside *Forsaken But Not Forgotten: America's Most Shameful National Secret Revealed*, longtime author and researcher Philip Rife presents the government's rationale for abandoning so many of America's military men behind enemy lines. You can decide for yourself whether these were the right actions. Rife felt an obligation to tell this story for the abandoned Americans, their parents, brothers, sisters, wives, children and other concerned Americans. It's a story every American should know. THE BARNES REVIEW is proud to publish the first edition of this important book. Softcover, 89 pages, #812, \$15.

### *A Truthseeker's Guide to False Flags and Other Strange Events in American History*

**NEW!** Fort Sumter Has Been Fired Upon by the Rebs! Remember the Battleship *Maine*! Unarmed Passenger Liner Sunk by German U-Boat! December 7, 1941: A Day That Will Live in Infamy! North Vietnam Attacks U.S. Vessel in Gulf of Tonkin! Arab Terrorists Take Down the Twin Towers! All of these events and the ensuing inflammatory mainstream media headlines and news coverage were used as rallying cries to push a predominantly pro-peace nation toward war. But could these events have been prevented? Did they occur the way we were told? A bigger question is, what if the causes of these events and the media propaganda barrage were all scripted by the Deep State? Information exists today that sheds doubt upon the official narratives on many events in U.S. history. The ones listed above are but a few of the false-flag, Deep State weirdness perpetrated against the American people. In *A Truthseeker's Guide to False Flags and Other Strange Events in American History*, Clint Lacy examines the official narratives of each of these events (and more) and then provides information that contradicts the official story, proving that we, as citizens, need to be ever vigilant, refusing to accept without independent investigation any scenario the Deep State foists upon us. Softcover, 195 pages, #819, \$22.

### *Mussolini's War: Volume 1: The Triumphant Years*

**NEW!** Among the great misconceptions of modern times is the assumption that Benito Mussolini was Adolf Hitler's junior partner, who made no significant contributions to the Axis effort in World War II. That conclusion originated with Allied propagandists determined to boost Anglo-American morale, while undermining Axis cooperation. The Duce's failings, real or imagined, were inflated and ridiculed, his successes pointedly demeaned or ignored. Italy's bungling navy, ineffectual army—as cowardly as it was ill-equipped—and air force of antiquated biplanes were handily dealt with by the Western Allies, so the hackneyed, completely false story goes. So effective was this disinformation campaign that it became postwar history, and is still generally taken for granted, even by otherwise well-informed scholars and students of World War II—even by many Italians themselves! But a closer examination by historian and author Frank Joseph of original, often neglected, recently disclosed materials presents an entirely different picture. They shine new light, for example, on Italy's submarine service, the world's greatest in terms of tonnage, its boats sinking nearly three-quarters of a million tons of Allied shipping in three years' time. By mid-1942, Mussolini's navy had fought its way back from crushing defeats to become the dominant power in the Mediterranean Sea. Contrary to popular belief, Mussolini's *Fiat* biplanes gave as good as they got in the Battle of Britain, and Italy's Savoia-Marchetti *Sparrowhawk* bombers accounted for 72 Allied warships and 196 freighters sunk. On June 7, 1942, infantry of the Italian X Corps saved Rommel's 15th Brigade near Gazala, in North Africa, from otherwise certain annihilation. These and numerous other disclosures combine to debunk lingering propaganda stereotypes of an inept, ineffectual Italian armed forces and their allegedly inept commanders and supreme leader. Softcover, 275 pages, #808, \$27.

### *The Story of the Nations: Norway*

**NEW!** Written by Hjalmar H. Boyesen in 1895, here is the history of Norway, written without the poison of political correctness. Softcover, 50 illustrations, 556 pages, #821, \$25.

### *Hidden History: The Secret Origins of the First World War*

**NEW!** A new theory on how World War I started—not with the assassination of Archduke Franz Ferdinand, but rather 10 years earlier, by power-hungry men whose lies have infiltrated history. *Hidden History* uniquely exposes those responsible for World War I. It reveals how accounts of the war's origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity. For 10 years, they plotted the destruction of Germany as part of their plan for global control. The assassination of the archduke was no chance happening. It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St. Petersburg back to that cabal in London. Our understanding of these events has been firmly trapped in a web of duplicity constructed by the victors at Versailles in 1919. Softcover, 464 pages, #782, \$27.

### *The Jewish Mafia: The Great International Predators*

**RESCUED!** This is the most comprehensive and fast-paced book ever written on the crimes of the Jewish mafia from ancient times until today. Meticulously documented, largely from Jewish sources, this book is an examination of organized criminality in all parts of the world. Hervé Ryssen details sex slavery, global organ trafficking, organ transplant industry, “Torah Nostra,” Murder Inc., Meyer Lansky, “invisible” mafia, pillage of Russia, fall of the Oligarchs, crime from Berlin to Marbella, Organizatsiya, crime in Antwerp, Vilnius, Bangkok and Bogota, Israeli mafia, diamond scams, revolutionary funding, illegal drug trade, porn industry, illegal immigrant trafficking, Atlantic African slave trade, Christian slaves of the Middle Ages, aesthetic surgery racket, Claude Lipsky’s swindles, Jacques Crozmarie and the ARC scandal, horse racing and garage rip-offs, the VAT fraud, Samuel Flatto-Sharon, crime in England, the U.S. and France, Seams and Co., the pillaging of vanquished countries and more. Softcover, 381 pages, 475 endnotes, #731, \$29.

### *History of Anti-Semitism*

**RESCUED!** By Hervé Ryssen. Translated by Carlos Porter. The history of Judaism is that of a people or sect constantly at war with the rest of humanity. According to prophecy, after the great war against the last enemies of Israel, the Messianic times will be a blessed time for the Jews. All the Earth will be unified, and the Jews will be recognized by all as God’s chosen people. The Pesachim and Sanhedrin treatises of the Babylonian Talmud assure us that, in the times of the Messiah, the treasures of the Jews will be so immense that “it will take 300 she-asses to carry the keys.” To succeed in reaching this universal peace (*pax Judaica*), and “hasten the coming of the Messiah,” fanatical Jewish sects must therefore work unceasingly to destroy all the differences between men—nations, races, religions and local customs. It is this messianic tension which motivates their acts and multiplies their energy. It is on the ruins of the nations that the long-awaited world government will be erected, imposing a definitive peace upon humanity. But what is the real truth, sans the religious prophecy? Is anti-Semitism created simply because of the supremacist teachings of Judaism? Find out. Softcover, 453 pages, #768, \$35.

### *Understanding the Jews, Understanding Anti-Semitism*

**RESCUED!** By Hervé Ryssen. Translated by Carlos Porter. *Understanding the Jews, Understanding Anti-Semitism* is the perfect companion to the *History of Anti-Semitism* above. Everyone talks about the Jews, but very few people really know them. Who are they? What makes them different from everyone else? These questions are of increasingly vital importance since the Jewish people play a central role in the evolution of humanity. Marx, Freud and Einstein are often cited, who long personified the

genius of Judaism. Today, the Jewish contribution to world culture is an extraordinarily rich one. Their love of equality and tolerance and their untiring struggle for human rights make them the world’s foremost defenders of democratic ideals. How then, can one explain anti-Semitism? Softcover, 90 pages, #763, \$15.

### *French Gestapo Trials and Other Articles*

**RESCUED!** By Vincent Reynouard. Is everything we have been told about the “evil” Gestapo—the German secret police of the Third Reich—nothing but lies and over-exaggerated atrocity yarns? Is the reputation of the Gestapo as a murderous collection of torturers and thugs false? Vincent Reynouard has taken the time to compare the accusations made against the Gestapo at the Nuremberg Tribunals by the Allies with the postwar French trials of the same personnel, involving the same cases, the same victims and the same eyewitnesses. What he found was that the evidence and accusations presented by the French and Allies against the Germans were not the same. The accusations made at Nuremberg in these cases were grossly embellished, proving the Nuremberg Trials were a complete sham. Softcover, 236 pages, #734, \$18.

### *Crimes Against the Wehrmacht*

**RESCUED!** By Professor Franz W. Seidler. Translated by Carlos Porter. This book provides full documentation of over 300 Soviet atrocities committed against Germans in 1941-1942, accompanied by exact descriptions, many of them proven in detail by eyewitness statements and photographs. Even Josef Goebbels’s propaganda ministry was compelled to keep silent about these atrocities for fear of their possible effect on the morale on the war and domestic fronts. The photographs—more than 100 of them—were carefully compiled to prove every accusation against the Soviets. All told, this book is the most damning exposé ever compiled on the crimes of the Soviets against uniformed fighting men. Softcover, 481 pages, #733, \$26.

### *Commandant of Auschwitz: Rudolf Höss, His Torture and His Forced Confessions*

**NEW!** By Carlo Mattogno. Here is the whole story, meticulously documented, of why Rudolf Höss, the commandant of Auschwitz, agreed to confess to anything the Allies accused him of, despite the fact it would have been impossible for him to have committed the crimes! Days of torture. Brutal beatings. Hours and hours of incessant interrogation. Threats against his family. The arrest of family members. Any man would have confessed to anything to stop the horror. A classic treatise not only on the WWII holocaust of the Jews, but also an inside look at how brutal torture, physical and mental, destroys a man from within and without. Softcover, 402 pages, bibliography, index, #802, \$25.

### *An Auschwitz Doctor's Eyewitness Account: The Tall Tales of Dr. Mengele's Assistant Analyzed*

**NEW!** By Carlo Mattogno and Miklós Nyiszli. Everyone knows Dr. Josef Mengele, the evil Auschwitz doctor who sent countless Jews to the gas chambers, performed cruel, pointless medical experiments on inmates, and gave twin research a bad reputation. But how do we “know” about his many diabolical deeds? The most important source for what Mengele is said to have done at Auschwitz comes from a book written by Hungarian Jew Miklós Nyiszli, a forensic physician who claims to have been Dr. Mengele’s assistant at Auschwitz. As influential as Nyiszli’s book has been in forming the world’s opinion about Auschwitz, Nyiszli’s various writings have never been subjected to critical scrutiny. This book changes this. Part 1 contains a faithful translation of the original 1946 edition of Nyiszli’s Hungarian book. Part 2 publishes for the first time essential excerpts of lesser-known postwar texts by and about Nyiszli. Part 3 scrutinizes Nyiszli’s writings with what we know to be true about Auschwitz. Part 4 compares his various claims with what other inmate doctors have stated who were there. Part 5 takes a critical look into how orthodox historians have dealt with Nyiszli’s texts, while a short essay in the Appendix lays bare the mythical nature of the cliché of Dr. Mengele as the “Angel of Death.” All told, this book demolishes the believability of Nyiszli’s outlandish claims. Softcover, 484 pages, 51 B&W illustrations, #813, \$25.

### *Summer, 1945: Germany, Japan and the Harvest of Hate*

**NEW!** Here is the truth about WWII in graphic detail. We Americans consider ourselves to be more noble and decent than other peoples, and consequently in a better position to decide what is right and wrong in the world. What kind of war do civilians suppose we fought, anyway? We shot prisoners in cold blood, wiped out hospitals, strafed lifeboats, killed or mistreated enemy civilians, finished off the enemy wounded, tossed the dying into a hole with the dead, and in the Pacific boiled the flesh off enemy skulls to make table ornaments for sweethearts, or carved their bones into letter openers. We mutilated the bodies of enemy dead. We kicked out their gold teeth for souvenirs. We topped off our saturation bombing of enemy civilians by dropping atomic bombs on two nearly defenseless cities, thereby setting an all-time record for instantaneous mass slaughter. As victors we are privileged to try our defeated opponents for their crimes against humanity. Softcover, 342 pages, #818, \$26.

### *Hellstorm: The Death of Nazi Germany, 1944-1947*

**NEW!** It was the most deadly and destructive war in human history. Millions were killed, billions in property was destroyed, ancient cultures were reduced to rubble—WWII was truly man’s greatest cataclysm. Thousands of books, movies and documentary films have been devoted to the war. But there has never been such a gripping retelling of the story as one will find in *Hellstorm: The Death of Nazi Germany*. Throughout this book readers will see what Allied airmen saw as they rained down death on German cities; or the reader will experience what those below felt as they trembled in their bomb shelters awaiting death. The reader will view the horrors of the Eastern Front during the last months of fighting, through the mud, blood and madness. Readers will witness for themselves the fate of German women as the rampaging Red Army raped and murdered its way across Europe. Softcover, 390 pages, #549, \$30.

### *Black Flag: Guerrilla Warfare on the Western Border, 1861-1865—A Riveting Account of a Bloody Chapter in Civil War History*

**NEW!** By Thomas Goodrich. From 1861 to 1865, the region along the Missouri-Kansas border was the scene of unbelievable death and destruction. Thousands died, millions of dollars of property was lost, entire populations were violently uprooted. It was here also that some of the greatest atrocities in American history occurred. Yet in the great national tragedy of the Civil War, this savage warfare has seemed a minor episode. Drawing from a wide array of contemporary documents—including diaries, letters, and firsthand newspaper accounts—Thomas Goodrich presents a hair-raising report of life in this merciless guerrilla war. Filled with dramatic detail, *Black Flag* reveals war at its very worst, told in the words of the participants themselves. Bushwhackers and Jayhawkers, soldiers and civilians, scouts, spies, runaway slaves, the generals and the guerrillas all step forward to tell of their terrifying ordeals. From the shocking, sensational massacres at Lawrence, Baxter Springs and Centralia to the silent terror of a woman at home alone in the Burned District, *Black Flag* is a brutally honest, day-by-day account of life, death and war, told with unforgettable immediacy. Note that Goodrich is not an author who sugar-coats anything. What you get is the unvarnished truth, no matter how unpleasant it may be. Softcover 192 pages, #817, \$20.

## *The Day Amazon Murdered History*

**NEW!** Amazon is the world's biggest book retailer. They rake in some 50% of all consumer spending on books in the U.S. and dominate several foreign markets as well. Pursuant to the 1998 declaration of Amazon's founder Jeff Bezos to offer "the good, the bad and the ugly," customers once could buy every book that was in print and was legal to sell. That changed on March 6, 2017, when Amazon banned more than 100 books with dissenting viewpoints on the Holocaust, after having been pressured by Jewish lobby groups for years to do so. While Amazon ignored those lobby groups in years gone by, things were different in early 2017. At that time, a series of anonymous bomb threats had been made against synagogues and Jewish community centers in the U.S. Although there is no link between iconoclastic historical research and anti-Semitic acts, Israel's Yad Vashem Holocaust Center took these acts as a pretext in order to urge Amazon to take down history books they don't like. The mass media were quick to join into this campaign, and Amazon promptly fell for it, wiping its sites clean of our Holocaust research. This book reveals how Revisionist publications explaining ground-breaking archival and forensic research results had become so powerfully convincing over the years that the powers that be resorted to what looks like a dirty false-flag operation in order to get these books banned from the biggest book retailer. Softcover, 128 pages, #814, \$12.

## *Debating the Holocaust: A New Look at Both Sides*

**NEW!** By Thomas Dalton. For the past few decades there has been raging a kind of subterranean debate, one of monumental importance. It is a debate about the Holocaust—not whether or not it "happened," but rather, how it happened, through what means, and to what extent. On the one hand we have the traditional, orthodox view: the 6 million Jewish casualties, the gas chambers, the cremation ovens and mass graves. On the other hand there is a small, renegade band of writers and researchers who refuse to accept large parts of this story. These Revisionists, as they call themselves, present counter-evidence and ask tough questions. Among the issues they raise are these: There is no trace of a "Hitler order" to exterminate the Jews. Key witnesses have either falsified or greatly exaggerated important aspects of their stories. Major death camps—Belzec, Chelmno, Sobibor and Treblinka—have all but vanished. We find little evidence of disturbed earth for mass graves. We find few remains of the millions of alleged victims—neither bones nor ash. Mass-gassing with Zyklon-B would be nearly impossible. Mass-gassing with diesel engine exhaust is practically impossible. Wartime air photos of Auschwitz show none of the alleged mass-burnings or cremations. Etc. Softcover, 334 pages, #815, \$25.

## *UFOs & Aliens: The Complete Guidebook*

**NEW!** No matter what you think about the possibility of extraterrestrials, this will make a fascinating read—and it comes from one of America's most highly respected historians, Col. Lochlainn Seabrook. This is the ultimate primer, not only for beginners, but also an invaluable resource for veteran ufologists. *UFOs and Aliens: The Complete Guidebook* is a one-of-a-kind work that's packed with just about everything you'll ever want to know about the possibility of extraterrestrials and their out-of-this-world craft. Well researched, the book includes detailed eyewitness descriptions, a history of UFO sightings, 61 real casebook studies, compelling evidence of the reality of UFOs, a list of NASA UFO images, chapters on alien abductions, crop circles, Men in Black, skeptics, becoming a ufologist and the alleged worldwide UFO coverup. The foreword is by Nick Pope, known as the "Real Fox Mulder." Pope was head of the British government's UFO Project from 1991-1994, and author of *Open Skies, Closed Minds*. Softcover, 346 pages, #774, \$22.

## *The Artist Within the Warlord: An Adolf Hitler You've Never Known*

**NEW!** Meet an Adolf Hitler you never knew. Prize-winning architect Hermann Giesler was an intimate of Adolf Hitler and was acquainted with many of the principal players in Hitler's Third Reich. As Hitler's frequent guest at his two secret military headquarters, *Wolfsschanze* and *Wermoltz*, during the war years, Giesler became a trusted confidant to whom the Supreme Commander could unburden himself as the two worked together drafting city-wide building ideas for Munich and Linz. Hitler's artistic nature needed that creative outlet. It refreshed him after a day filled with making the hard war decisions of the modern-day warlord. However, Giesler reveals to us the extent of the artist in Hitler, how it affirmed itself in his character and influenced his worldview (*Weltanschauung*). As Giesler promises in the title, you will come to know another Hitler from the one you've been taught to hate. You will come to know the authentic Hitler—Hitler the artist and humanist. Softcover, 256 pages, #796, \$25.

# Triumph of the Will DVD

**Leni Riefenstahl's "Triumph of the Will" remastered DVD with bonus features!**

Now you can see what many filmmakers have called the greatest propaganda films of all time—Ms. Leni Riefenstahl's *Triumph of the Will*

**T***riumph of the Will* (*Triumph Des Willens*), created by Leni Riefenstahl in 1935, generated perhaps the greatest moral and legal controversy in the history of cinema. It is now available, complete and uncut, from THE BARNES REVIEW. The subject of the film is the 1934 Nazi Party convention. Staged annually at Nuremberg, the convention was a series of speeches by German leaders, reviews of their uniformed followers and mass rallies involving thousands of people. Although Riefenstahl's work has been labeled a Nazi propaganda film, it is actually the filming of a propaganda subject by a non-Nazi, a woman whose appointment by Hitler to make the film was resented by the propagandists in the Nazi hierarchy.

The result is a fascinating expression of one individual's impression of the Hitler movement. Riefenstahl's film pioneered many dramatic techniques of film direction and editing that have effectively translated to the screen all the joy, the unrestrained emotion and the awesome power which characterized the Nazi rallies. The complete dominance of one man's personality throughout the film, as well as over an entire nation, is more forcefully conveyed to the viewer in *Triumph of the Will* than in any other film or book about the Third Reich in existence. Even today,

*Triumph of the Will* is considered a masterpiece—an extraordinary blend of inspired art, direction and cinematography.

Now, the classic film has been digitally remastered and expanded with numerous features. Note that the German dialogue has switchable English and Spanish subtitles.

### *Triumph of the Will: New Remastered Deluxe Edition*

Banned for more than 30 years, *Triumph of the Will* by Leni Riefenstahl generated perhaps the greatest moral and legal controversy in the history of cinema. Here it is, complete and uncut. The subject is the 1934 Nazi Party convention. Staged annually at Nuremberg, the convention consisted of speeches by Nazi leaders attended by massive crowds. The result is the inspiring expression of one the Hitler movement. DVD, 110 minutes plus 58 minutes of bonus features, color and B&W, (#115D), \$30.

### *Victory in The West*

A film of the Supreme Command of the German army. This deluxe restored version of the Third Reich's most ambitious war documentary chronicles Hitler's lightning conquest of Holland, Belgium and France in 1940. The six-week campaign, marked by continuous combat and spectacular German victories, established the blitzkrieg as a bold strategy that revolutionized warfare. A combination of German newsreels and captured Allied footage are melded to produce an authentic and riveting record of the campaign. English subtitles. An audio slide show presents lesser-known details about this campaign and the making of *Sieg im Westen*. DVD, 120 minutes and 27 bonus minutes, #664, \$29.

### *Hitler's Blitzkrieg—Parts 1 & 2*

Waffen-SS Gen. Leon Degrelle takes you along on Hitler's blitzkrieg, vividly describing the tumultuous events of the war's early years. In part 1, ride along as the Germans storm across Poland in a brand new type of warfare—"lightning war," in which bombers, tanks and ground troops work in tandem to obliterate enemy resistance. In part 2, the Nazis blitz Holland, Belgium, France, Greece and Yugoslavia. Professional English voice-over narrator. The two 90-minute DVD films retail for \$30 each.

DVD: Part 1—#421D; Part 2—#440D

BONUS: BOTH Part 1 and Part 2 for \$50.

### *Hitler's Constructions*

An opening montage surveys the glories of earlier Gothic and Baroque construction, then points to Germany's architectural decay of the early 1930s, represented by the constructions of the Bauhaus School. Architectural salvation comes through Hitler's call for a new German art, ushering in an architectural legacy he wanted to endure 1,000 years. The sequences that follow illustrate the varieties of National Socialist construction: youth hostels, Nazi Party schools, bridge projects, the Autobahn, ministries and party buildings, as well as the famous monumental works, such as the Zeppelinfeld at Nuremberg and the Olympia Stadium complex in Berlin. With the unfolding of this visual

panorama, a distinct esthetic argument for the superior architecture of the era asserts itself. DVD, Germany, B&W, English subtitles, 17 min., #665, \$19.

### *The Rothschilds: Shares in Waterloo*

The first of three movies made in 1940 under the National Socialist regime in Germany. A historical account of the Rothschild family's rise to fortune, set mostly in Great Britain during the Napoleonic wars, the movie reflected an ambitious political agenda. Beyond its indictment of Jewish intrigue and avarice, the movie aimed to show the "Judaification" of British society at Rothschild hands, and thus demonstrate why, in Goebbels's words, Britons had become "the Jews among Aryans." English subtitles. DVD, B&W, 97 minutes, #576, \$30.

### *General George S. Patton*

Part of "The Big Picture Series." A riveting film biography of the amazing life of Gen. George Patton Jr. Extensive footage of his famous 3rd Army rumbling into action during World War II and synchronous-sound speeches by the general are included. Includes fascinating footage of several major WWII battlefields 25 years later. Introduced by Walter Matthau and narrated by former President Ronald Reagan. DVD, 1960s, B&W, 56 minutes total, #667, \$13.

## *Harvest of Despair: The Unknown Holocaust DVD The Great Famine in Ukraine, 1932-1933*

This documentary is a rich reservoir of archival film, rare photographic evidence and interviews (in English) with survivors and scholars, including members of the foreign press. History is recorded on this DVD and presented in an engrossing, extremely informative format. It documents how the barbarous Soviet government resorted to starving the populace of Ukraine by the millions, while simultaneously presenting a deliberately deceptive picture to the world. In his works, Dr. Mace, Harvard University professor and director of the U.S. Commission for the Study of the Ukrainian Famine, argued that during the early 1930s, the famine in Soviet Ukraine was an act of purposeful genocide on the part of Stalin to punish the fiercely independent Ukrainian people who refused to hand over their farms to the collective. Mace spoke about this attempted genocide at an international conference on the holocaust in 1982. DVD, 55 minutes, #570, \$25.

# ORDER EXTRA COPIES OF THE TBR THEME ISSUE HOLOCAUSTS!

For seven decades, “never forget” has been a rallying cry of the Holocaust remembrance movement, an initiative almost totally dedicated to a single holocaust, the Jewish holocaust of World War II. Shamefully, groups like the Conference on Jewish Claims Against Germany—with board members like Matthew Bronfman of the Canadian whiskey distilling Bronfman family—insist that classes on the Jewish holocaust—but on no other “holocausts”—must be taught in the public schools, “before we . . . get behind the eight ball.” (*New York Times*, April 2018)

In other words, Bronfman and others say, our children must be taught that there was only ONE “holocaust” in human history, that Jews own a monopoly on this suffering, and crimes against other groups—especially if they are Christians—are really not that important. In short, Jewish authorities thus “deny” and ignore many of the holocausts discussed in this issue of TBR. By insisting educational programs for children focus upon just one of history’s many holocausts, they are committing the worst form of “holocaust denial.”

However, THE BARNES REVIEW agrees to some extent with Mr. Bronfman. We must never forget—never forget that man has been committing mass slaughter of his fellow man for millennia and that not only Jews but other racial and ethnic groups have suffered, as well. In the grand scheme of things, the “Jewish holocaust”—even if we take every claim made about it to be true—looks to be an unremarkable holocaust that, when compared to other historical holocausts, leaves it far down on the list of the worst holocausts in history.

To make sure that people “never forget” the “other holocausts” in history and so that they are not buried deep in the memory hole of man’s inhumanity to man, we have composed this expanded issue of TBR magazine.

Inside this “Holocausts!” issue, we cover some of the claims made about the Jewish holocaust (in particular we examine the alleged Babi Yar slaughter and the real facts about the behavior of the *Einsatzgruppen* on the Eastern Front) but, importantly, we also discuss:

- The American Indian holocaust;

- The holocaust of Southerners by Lincoln;
- The World War I holocaust;
- The Bolshevik holocaust of 60 million people;
- The Soviet starvation holocaust in Ukraine;
- The firebombing holocaust of German civilians;
- The WWII nuclear holocaust in Japan;
- The firebombing holocaust of Japanese civilians;
- The holocaust of German civilians after WWII;
- The holocaust of German WWII POWs;

- The MK-Ultra mind-control holocaust;

- The cultural holocaust of Europe happening now;

- And, tragically, even more!

If you believe this issue is important, please help us distribute as many copies as you can by ordering this edition at our low bulk prices (see below) or by making a donation to TBR so that we can get this into the hands of as many young scholars and college students as possible.

Because we have been so effectively smeared as haters, racists and bigots (all untrue), it is illegal to even carry TBR onto a public school campus in South Carolina or for us to send a speaker to S.C. campuses to inform our youth about other holocausts—or any other topic, for that matter.

But perhaps you can. And perhaps you also know someone who has been

brainwashed by the torrent of propaganda about this topic who might benefit from the information contained inside this issue.

**BULK PRICES:** Order copies of this expanded “Holocausts!” issue of TBR at the following prices:

- 1-5 copies are \$10 each.
- 6-10 are \$9.50 each.
- 11-25 are \$9 each.
- 26 or more are reduced to just \$8 each.

Shipping and handling charges will apply, however, due to the weight of the issue. Use the form at the back of this catalog to order more copies and to calculate S&H. Mail your request with payment to TBR, 16000 Trade Zone Avenue, Unit 406, Upper Marlboro, MD 20774 or call 1-877-773-9077 toll free, Mon.-Thu. 9-5 ET, to charge.

# WWII FROM BOTH SIDES

## *Among the Headhunters: An Extraordinary WWII Story of Survival in the Burmese Jungle*

By Robert Lyman. Flying the notorious “Hump” route between India and China in 1943, a twin-engine plane crashed in a dense mountain jungle, deep within Japanese-held territory. Among the passengers was celebrated CBS journalist Eric Sevareid, an OSS operative who was also a Soviet double agent and Gen. Stilwell’s personal advisor. Against the odds, all but one of the 21 people aboard the doomed aircraft survived. But they fell from the frying pan into the fire. The shocked survivors discovered that they had arrived in wild country dominated by notorious headhunters who practiced slavery and human sacrifice. Japanese soldiers lay close by, too. Hardback, 304 pages, #738, \$18.

## *The Castaway's War: One Man's Battle Against Imperial Japan*

In the early hours of July 5, 1943, the destroyer USS *Strong* was hit by a Japanese torpedo. The explosion broke the destroyer nearly in half, killed dozens of sailors and sparked raging fires. Scores went into the ocean as the warship sank—and a young officer’s harrowing story of survival began. Severely injured, Lt. Hugh Barr Miller and several others survived three days at sea and eventually landed on a Japanese-occupied island. Miller then launched a one-man war against the island’s occupiers. Based on official American and Japanese histories, personal memoirs and exclusive interviews with the story’s key participants, *Castaway’s War* is a story of unbelievable bravery. Hardback, 320 pages, #736, \$26.

## *Kursk: The German View—Firsthand Accounts of the German Commanders Who Planned and Executed the Largest Tank Battle in History*

By Steven H. Newton. The Battle of Kursk, fought in the summer of 1943, involved 6,000 German and Soviet armored vehicles, making it the biggest tank battle of all time and possibly the largest battle of any kind. Students of military history have long recognized the importance of Kursk, yet, amazingly, the German view of the battle has been ignored. Steven H. Newton now offers you a new and unprecedented picture of German strategy and operations from translated staff reports, supplemented by Newton’s commentary and original research, which challenges a number of widely accepted ideas about this pivotal battle, based on Soviet propaganda. Hardcover, 592 pages, #741, \$35.

## *To Be German Means to Be Concise: A Speech by Adolf Hitler Regarding Art & Culture*

What did it mean “to be German”? Never before translated into English, this speech by Adolf Hitler discusses why he rejects “decadent” art and what kind of art he believed nurtured the European culture-soul. Which cultures did Hitler think were part of the Aryan and Germanic traditions? Which did he think were poisoning the minds and hearts of the people of Germany and Europe? Here is Hitler at his inspiring best. Translated by popular linguist Theresa Wettstein. Softcover, saddle-stitched, 32 pages, color covers, #701, illustrated, \$5.

## *Alfred Rosenberg: Memoirs*

Here are the sensational memoirs of the Third Reich’s leading ideologue, Alfred Rosenberg. These memoirs contain a no-holds-barred overview of Rosenberg’s political life and give us some astonishing revelations about the Communist revolution in Munich, the relationship between Christianity and National Socialism, his prediction of race violence in America, the Strasser brothers, the Alpine revolt, Himmler’s Ahnenerbe, why Rosenberg was omitted from Hitler’s first cabinet, what Rosenberg thought about euthanasia, his views on the Jews and more inside information on the Reich. Softcover, 214 pages, #707, \$15.

## *World War Two Turning Points*

History is made, sometimes, by the strangest quirks of fate, not hours of planning at the strategy table. A forgotten briefcase decides the fate of millions of people? The mighty battleship *Bismark* was actually sent just to be sunk? A nuclear-tipped ICBM was almost launched at New York? Who was the failed soap factory owner who sealed the fate of the Reich? What about the enemy balloon that shut down America’s nuclear program? One man’s assassination was all that prevented Japan from bombing the Panama Canal? And another man’s death cost Italy victory in North Africa? Here’s an alternative history of World War II covering the obscure men, bizarre weapons, forgotten blunders and near misses that really determined the outcome. Softcover, 284 pages, #708, \$18.

### *My Revolutionary Life*

By Leon Degrelle. *My Revolutionary Life* has never appeared in print as a book before—and is available only from TBR. Here is Gen. Leon Degrelle's autobiographical account of his daring escape from war-ravaged Germany in 1945 and his adventures after the war. Sentenced to death by the Belgian government after the Axis surrender, Degrelle escaped by flying from Norway and crash-landing in Spain. The great Belgian Waffen-SS officer also recounts his experiences as a rising nationalist politician, the political situation in Europe before WWII, his battle against the Bolsheviks before and during WWII, the last days of the Reich and his daring escape. Softcover, 217 pages, #714, \$27.

### *Germany Speaks: Nazi Germany Explains Itself to the English Speaking World—1938*

By Joachim von Ribbentrop and 21 prominent state and party leaders. In the year immediately preceding the outbreak of World War II, the German foreign office launched an unprecedented campaign in Britain to explain the inner workings of Nazi Germany. The high point of this effort was this book, a four-part set of 21 essays by leading party and state officials, each explaining in detail the practical implementation and rationale of their policies. Contributors include Otto Dietrich, Fritz Todt, Robert Ley, R. Walther Darré, Wilhelm Frick, Ritter von Epp and many others. Softcover, 236 pages, #724, \$15.

### *Germany's War: The Origins, Aftermath and Atrocities of World War II*

By John Wear. *Germany's War* documents that the Allied leaders were primarily responsible for starting and prolonging WWII—costing millions of lives. FDR's numerous provocations forced Germany to declare war on the U.S.A. despite Hitler's desire for peace. Also covers Stalin's plan for European conquest, America's second crusade, how WWII was planned and instigated, the Allied conspiracy to prolong the war, the Allied POW camps that killed a million Germans, the appalling plight of expelled Germans, history's most terrible peace, crimes committed in German camps, the alleged genocide of 6 million Jews, and more. Softcover, 514 pages, #717, \$25.

### *The Holocaust Hoax Exposed*

Investigative journalist Victor Thorn dissects what has become the 20th century's most grotesque conspiracy. Covered in this book is the mythology surrounding "death camps," the truth about Zyklon B, Anne Frank's fable, how the absurd "6 million" figure has become a laughing stock and much more. One of the best-selling Revisionist books on the holocaust yet published. Softcover, 186 pages, B&W illustrations, #609, \$20.

### *Hitler's Second Book: German Foreign Policy*

Translated, introduced and annotated by Arthur Kemp. Often called Hitler's "Secret Book," this is the only full-length, completely unedited and correctly translated text of Hitler's second book, written to explain National Socialist foreign policy. Dictated in 1928 to Max Annan, head of the NSDAP's publishing house, the unedited draft manuscript was never published in Hitler's lifetime. Within these pages the reader will find the philosophical principles that underwrote Nazi domestic and foreign policy, and a large number of astonishingly accurate and prescient forethoughts by Hitler. Softcover, 200 pages, indexed, #732, \$21.

### *The Myth of the Six Million*

Prof. David Hoggan. Jewish memoirs of the camps; Auschwitz Commandant Hoess's memoirs; additional memoirs of the camps; the unreliability of torture; facts about the holocaust; Red Cross factual appraisals; Adolf Eichmann; the legends of Hitler's depravity; and much more. First book ever published on the subject. Newly reset. Fascinating introduction by Willis A. Carto. Softcover, 119 pages, #446, \$14.

### *The Six Million: Fact or Fiction?*

By Peter Winter. 5th edition. New appendices. Just some of the amazing revelations in this book include: how Zionists and Nazis cooperated before the war on writing Germany's racial laws; how Zionists offered to take up arms for Nazi Germany against Britain during WWII; how Nazi policy was first aimed at encouraging Jews to emigrate, and then evacuating them; how official German records show that there were 4.5 million Jews under Nazi control, and 4.3 million lodged claims as "Holocaust victims" after the war; how the USSR used torture to produce "confessions" from Germans; so much more! Softcover, 80 pages, 8.5" x 11" format, 160 illustrations, #604, \$17.

### *The First Holocaust. Jewish Fundraising Campaigns With Holocaust Claims During and After WWI*

Don Heddeshheimer's compact but substantive *First Holocaust* documents pre- and post-WWI propaganda that claimed East European Jewry was on the brink of annihilation. And the magic number was 6 million then as well. The book details how these Jewish fundraising operations in America raised vast sums in the name of feeding suffering Poles and Russians but actually funneled much of the money to Zionist and communist groups even before World War I. Over and over again we see the "six million" number in print and propaganda. What is the significance of that number? And why have the Jews claimed they were being "holocausted" in so many nations and for so long—but always six million? Softcover, 2nd edition, 142 pages, illustrations, bibliography, index, #386, \$15.

### *Breaking the Spell: The Holocaust—Myth & Reality*

Dr. Nicholas Kollerstrom shows that “witness statements” supporting the human gas chamber narrative clearly clash with the available scientific data. The Auschwitz camp authorities kept meticulous records of who died in the camp and why. A statistical analysis of the data does not match the kind of data to be expected, if the widespread myth of what transpired in the camps were true. The UK’s intelligence decrypts prove that the German authorities were desperately trying to save inmates. Zyklon B applied in amounts necessary to kill humans should be detectable to this day, but none is found. An archeological team looked for traces of the 800,000 victims of the Treblinka camp—and came back empty. The Auschwitz camp had a swimming pool, soccer games, theaters, library, choirs, orchestras and a hospital for the inmates and so on. Kollerstrom concludes that the history of the “Holocaust” has been written by the victors with ulterior motives. Softcover, 258 pages, #706, \$25.

### *Auschwitz: A Judge Looks at the Evidence*

Auschwitz is the epicenter of “the Holocaust.” There is no place on Earth where more people are said to have been murdered than at Auschwitz. At this detention camp, the industrialized mass murder of the Jews by Nazi Germany reached its “demonic pinnacle.” This narrative is based on a wide range of evidence, the most important of which was presented during two trials whose findings form the foundation of our present image of Auschwitz: the International Military Tribunal of 1945-1946 in Nuremberg, Germany, and the German Auschwitz Trial of 1963-1965 in Frankfurt. But, when we dig deeper into the rulings of these trials and the actual evidence they are based upon, the story looks quite different. The late Wilhelm Staeglich, until the mid-1970s a German judge, has so far been the only legal expert to critically analyze the foundations of what we today think we know about Auschwitz. His research results leave the reader at times breathless. Softcover, 422 pages, #718, \$35.

### *The Dissolution of European Jewry*

By Walter N. Sanning. Updated by Germar Rudolf. Before World War II, Eastern Europe was the demographic center of world Jewry. After the war, however, only a fraction of it was left behind. What happened? The “holocaust,” most will say. The author of this book did not stop there, but thoroughly explored European population shifts, deportations and evacuations conducted by both Nazis and the Soviets. The results are shocking. This edition has an updated foreword by Prof. Arthur R. Butz and an important epilogue by Germar Rudolf. It compares Sanning’s study with a politically correct mainstream investigation into the numerical dimension of “the holocaust,” which appeared eight years after Sanning’s first edition. Softcover, 224 pages, #719, \$25.

### *Into the Darkness: An Uncensored Report from Inside the Third Reich at War*

By T. Lothrop Stoddard. A leading American journalist travels to Nazi Germany in December 1939, arriving in wartime Germany where all the lights are blacked out in preparation for an English or French bombing campaign. Stoddard’s provocatively titled book refers to the eerie experience he felt upon first encountering this total blackout. Stoddard was sent to report on wartime conditions in Nazi Germany—at a time before the U.S. became involved in the war. Due to his leading work in the areas of racial history, racial science and eugenics in America, he was granted unprecedented access to the inner workings of the National Socialist government and interviewed Hitler, Goebbels, Himmler, Ley, Frick, Darré, Fischer, Lenz, Günther, and more Nazi leaders. Softcover, completely reset with new illustrations, 205 pages, #745, \$15.

### *Germany’s Hitler: The Only Authorized Biography*

By Heinz A. Heinz. One of the most suppressed English-language books ever to emerge from Germany: the 1938 authorized biography of Adolf Hitler. Included are vivid and unique descriptions of Hitler at school, his First World War battlefield experiences, early politics, the amazing truth behind the November 9th Putsch, Hitler in prison, and the struggle to power from 1926 to 1933. It ends just after the Austrian Anschluss and the end of the Czech/Sudeten crisis. This work is vital for anyone interested in understanding how Hitler turned around a destitute nation in just a few short years. Is this why this book has been so successfully suppressed over the past two generations? Softcover, contains all original illustrations, 234 pages, #747, \$15.

### *Rudolf Hess: His Betrayal & Murder*

Following his capture by the Allies in Scotland—on a mission to try to make peace between Germany and England—Germany’s Rudolf Hess remained a prisoner of the Allies for 46 years until he “died” at age 93 in Spandau Prison. The purpose of his mission—and his life at Spandau—was kept secret. But that changed with the publication of this book by Abdallah Melaoui. Melaoui spent five years with Hess, acting as Hess’s medical aide at the Military Prison in Spandau, up until Hess’s death. Melaoui got to know Hess as a friend. For years he kept silent about his famous patient. But now—in this exclusive TBR English edition—Melaoui gives us the entire story about Hess’s time in Spandau, his brutal murder, the plot to cover it up and the effort to suppress the publication of this book. Softcover, reproductions of many documents Hess smuggled out of Spandau (translated into English), rare photos, three appendices, 291 pages, #643, \$25.

### *Hitler Democrat*

By Gen. Leon Degrelle. Thanks to the energetic efforts of a group of honest historians—graciously supported by Madame Degrelle, the general's widow—a substantial portion of Degrelle's writings have been rescued. This is one of those volumes. In this amazing book, Degrelle discusses the Versailles Treaty, the enigma of Hitler, Hitler's WWI experiences, Hitler's rise to power, the Beer Hall Putsch, Hitler's unification of the German state, the feud with Roehm, the political challenges of the 1930s, the 1932 Geneva Conferences, Mussolini, Blum, Tukhachevsky, Nuremberg and much more. Includes photo section. Softcover, 546 pages, #622, \$30.

### *Holocaust High Priest*

By Warren Routledge. For many years, Elie Wiesel was the face of the holocaust, appearing on "Oprah" and any other venue. After all, he was a holocaust survivor. Large crowds listened intently as he described his time in WWII "death camps" and how he miraculously survived them all. But, for just as many years, Holocaust Revisionists have been exposing this fraud, pointing out that his writings show gross ignorance of the camps in which he was allegedly incarcerated and poking holes in his tall tales. This volume eviscerates the Wiesel myth, showing that the man's books and testimonies are pure fiction. Softcover, 474 pages, #711, \$35.

### *Hermann Goering: The Man & His Work*

This, the only official biography of Hermann Goering, was a bestseller in Germany and in the English-speaking world when first published in 1938. Written by one of Goering's senior staff members, Erich Gritzbach, this book details the many astonishing services that Goering rendered the German state. Besides recreating the German air force once the shackles of the Versailles Treaty were shaken off, his other achievements are less famous. This book contains the original English version plus all 57 original photographs and the 1938 introduction written by Sir Robert Hamilton Bruce Lockhart. In addition, it contains a brand new introduction by Arthur Kemp that updates Goering's career after the book was published. Softcover, 279 pages, 57 photos, new intro, indexed, #639, \$25.

### *Stalin's War of Extermination, 1941-1945*

By Joachim Hoffmann. Perhaps the best book yet written on Josef Stalin's plan for a world revolution by conquering Europe in a war of complete extermination. When published in Germany in 1995 the book became a bestseller—yet it was viciously censored in the rest of the West. Luckily, Hitler launched Operation Barbarossa and thwarted Stalin's plan. Hardback, #282, 415 pages, \$35.

### *War Is a Racket*

By Gen. Smedley Butler. This anti-war speech by the two-time Congressional Medal of Honor recipient exposes the massive war profits that benefit the few at the expense of the many. Throughout his distinguished career in the Marines, Butler demonstrated that true patriotism does not mean blind allegiance to bad government policies. Instead, true patriotism requires that you review every decision made by the higher ups. Sections include: War is a Racket; Who Makes the Profits?; Who Pays the Bills?; How to Smash this Racket; and To Hell with War! Softcover booklet, 40 pages, #589, \$5.

### *The Program of the Party of Hitler*

*The Program of the Party of Hitler, the National Socialist German Workers' Party and Its General Conceptions.* By Gottfried Feder. Translated by E.T.C. Dugdale. Written by one of the original founding members of the NSDAP, this booklet was the primary political document that underpinned the ideology and ideas of the future Nazi Party. Dealing with every conceivable topic—foreign policy, internal policy, property, usury, economics, race, religion, culture, agriculture, citizenship, the military, and much more—this far-reaching document provides a sweeping and comprehensive look into the dramatic worldview of National Socialism. Softcover, 78 pages, #797, \$13.

### *With Hitler on the Road to Power*

By Otto Dietrich. Subtitled "Personal Experiences with my Leader," this work, written by Adolf Hitler's chief of press in 1934, details the three tumultuous election campaign years from 1930 through to the coming to power of the NSDAP in January 1933. The author formed part of Hitler's inner circle and campaign staff during this period—which included six full elections in two-and-a-half years—and later went on to become the chancellor's press officer. Softcover, 106 pages, #799, \$15.

### *Truth for Germany: The Guilt Question of the Second World War*

The mainstream historical establishment insists that WWI and WWII were started by Germany. But what facts exist to support this seemingly unchallengeable hypothesis? In this book, the myth of Germany's guilt for fomenting war is refuted by famed historian Udo Walendy. For 21 years it was kept on the index of banned books in Germany. After a trial of 21 months, the book was released in 1995. Future historical research will amplify the facts compiled in this book, but mainstream historians can no longer deny their existence. Covers the allegations that Germany instigated the war, debunks long-held fallacies about German atrocities, the true nature of Hitler and more. Softcover, 535 pages, #648, \$30.

## *The Brainwashing of the German Nation*

By Udo Walendy. The author has been imprisoned because he refuses to parrot the official lies of the German and Allied governments. Here, Walendy describes the hidden truth of the “legal” origin of today’s German laws, forced on a defeated people, now stripped of their history and their identity. If you want to know why the German government, for instance, is so intent on suppressing Revisionist research on the “Holocaust,” then you need to read this book. Softcover, #110, 64 pages, \$9.

## *Final Solution: Germany's Madagascar Resettlement Plan*

Everyone “knows” the Germans had a “final solution” for their so-called “Jewish Problem.” But what they may not know is that Adolf Hitler’s final solution did not involve homicidal gas chambers, bizarre medical experiments and blazing crematory ovens working night and day to incinerate victims. Instead, Hitler’s final solution offered Jewish leaders the island of Madagascar, the then relatively untouched, mineral-rich, barely populated, large and secluded island off the coast of east Africa. This new Madagascar was to be governed by a joint German-French board with representation granted to any government cooperating. Historian Ralph Grandinetti tells us what the Madagascar plan was and why it failed. Softcover, 90 pages, #626, \$12.

## *The Stroop Report: The German Account of the Destruction of the Warsaw Ghetto*

Presented in German and English. Translated, annotated and introduced by Arthur Kemp. *The Stroop Report* is the official German account of the destruction of the Warsaw Ghetto from April to May 1943, prepared by the commanding officer of the operation, SS Brigade Leader Juergen Stroop. Includes an executive summary, copies of the official combat reports and a photo record. The report contains fascinating insights into the brief but brutal conflict that contradicts mainstream propaganda about the uprising. Softcover, 232 pages, #677, \$19.

## *The Myth of German Villainy*

The official story of Western Civilization in the 20th century casts Germany as the disturber of the peace in Europe, and the cause of both WWI and WWII, though the facts don’t bear that out. During both wars, fantastic atrocity stories were invented by the Allied propaganda machine to create hatred of the German people for the purpose of bringing public opinion around to support war. The bogus mainstream holocaust propaganda that emerged after WWII further solidified this image of Germany as history’s ultimate dastardly villain. Benton L. Bradberry paints a different picture. Hardback, 454 pages, #647, \$32.

## *Mein Kampf: The Stalag Edition*

This is the only complete, unabridged and officially authorized English translation of *Mein Kampf* ever issued by the Nazi party, and is not to be confused with any other. It was printed in Berlin for the NSDAP in limited numbers during the years 1937 to 1944. Most copies were distributed to the camp libraries of English-speaking POW camps, and became known as the “Stalag” edition because they carried a camp stamp. Only a handful of copies survived, and the text contained in this edition has been taken directly from one of these rare editions. Other editions leave out major sections and contain obtuse verbiage. This authorized edition contains the words of Hitler. Softcover, 584 pages, #675, \$35.

Banned by Amazon! After years of five-star ratings, Amazon finally caved and banned Mike King’s *The Bad War*. Why? Here is the book to break the truth blockade! Americans today have an almost identical recollection of WWII as the “good war,” fought by their forebears against the “Krauts” and “Japs.” But how much do we really know about that crucial event and the decades of complex European history preceding it? For whom were the 20th century’s global wars actually waged? Read the true version of WWII in this photo-journalistic chronology—approximately 300 of the most important events of the war reinterpreted in brief synopses. 400 illustrations. Softcover, 308 pages, #772, \$25.

## *The East Came West: Operation Keelhaul*

While researching material for this book, Peter J. Huxley-Blythe discovered why the Russian people don’t trust the U.S. or Great Britain. When WWII ended, millions of Russian men, women and children in the West were gleefully shipped like cattle back to the Soviet Union to face Stalin’s executioners or to serve long sentences at hard labor in the death camps of Siberia. Softcover, 224 pages, #434, \$20.

## *Hitler in Argentina: Hitler's Escape from Berlin*

By Harry Cooper. Who said that Hitler did not die in the bunker in April 1945? Josef Stalin told Harry Truman that Hitler did not. Marshall Zhukov said, “We have found no corpse that could be Hitler’s.” This book not only tells of the escape of Hitler, Eva Braun, Bormann and others of the Reich, it includes photographs and files from the FBI, CIA and OSS that show the United States knew these top Nazis escaped, exclusive interviews and much more. ### *A Matter of Honor: Pearl Harbor—Betrayal, Blame and a Family's Quest for Justice*

Anthony Summers and Robbyn Swan unravel the mysteries of Pearl Harbor and expose the vile scapegoating of Adm. Husband Kimmel. After the attack, Adm. Kimmel, commander-in-chief of the Pacific Fleet, was relieved of command, accused of negligence and dereliction of duty—publicly disgraced and blamed for the carnage. The evidence against him was less than solid. High military and political officials had failed to provide him with vital intelligence. Later, they covered it all up. Includes 40 black-and-white photos. Softcover, 544 pages, illustrated, #762, \$35.

### *What Soldiers Do: Sex and the American GI in Occupied France*

How do you convince men to charge across heavily mined beaches into deadly machine-gun fire? If you're the U.S. Army in 1944, you dangle the lure of French women, waiting just on the other side of the wire, ready to reward their liberators. Mary Louise Roberts tells the troubling story of how the U.S. military command systematically spread—and then exploited—the myth of French women as overly promiscuous. The resulting chaos—from a massive rise in brothels to outright rape and rampant VD—horrified the demoralized French. The sexual predation, and the blithe response of the U.S. military leadership, caused serious friction between the two nations, just as they were attempting to settle questions of the restoration of French sovereignty. Softcover, 368 pages, #770, \$22.

### *Air Photo Evidence: Photos Disprove the Holocaust*

**UPDATED!** By John C. Ball. By examining air reconnaissance photographs taken by the Allies of Auschwitz and other camps, the author brings his formidable knowledge to bear to show that: Allied air photos of Auschwitz show that there were no “gas chambers,” no “burning pits,” no “continuously smoking chimneys,” no “Zyklon-B insertion holes” etc. This new edition also contains the 16-page “Ball Report.” Softcover, 138 pages, #698, \$12.

## *Atlantis in the Caribbean*

Disproving many well-known Atlantis theories and providing a new growing hypothesis, Andrew Collins shows that what Plato recounts is the memory of a major ice-age cataclysm 13,000 years ago, when a comet devastated the island of Cuba and submerged part of the Bahamian landmass in the Caribbean. He parallels Plato's account with corroborating ancient myths and legends from the indigenous people of North and South America, such as the Maya, the Quiché, the Yuchi of Oklahoma, the islanders of the Antilles, and the native peoples of Brazil. The author explains how the comet that destroyed Atlantis in the Caribbean was the same comet that formed the "Carolina Bays" across the mid-Atlantic. He reveals evidence of sunken ruins, ancient complexes spanning more than 10 acres that clearly suggest urban development and meticulously planned road systems. Collins argues that Plato's story was first carried back to the Mediterranean world by the Phoenicians and Carthaginians as early as the first millennium B.C. He offers additional ancient trans-Atlantic trade evidence. Softcover, 528 pages, two eight-page B&W inserts and 19 B&W illustrations, #784, \$20.

## *The Great Pyramid Hoax: The Conspiracy to Conceal the True History of Ancient Egypt*

By Scott Creighton. Foreword by Laird Scranton. The origins of the Great Pyramid of Giza are shrouded in mystery. Believed to be the tomb of an Egyptian king, even though no remains have ever been found, its construction date of roughly 2550 B.C. is tied to only one piece of evidence: the crudely painted marks within the pyramid's hidden chambers that refer to the 4th Dynasty's King Khufu, discovered in 1837 by Col. Howard Vyse and his team. Using evidence from the time of the discovery, along with high-definition photos of the actual marks, Creighton reveals how and why the marks were faked. Analyzing Vyse's private diary, he reveals forgery instructions to his two assistants, and what the anachronistic sign should have been. He examines recent chemical analysis of the marks along with the eyewitness testimony of Humphries Brewer, who worked with Vyse at Giza in 1837. Creighton's study strikes down one of the most fundamental assertions of orthodox Egyptologists and reopens longstanding questions about the Great Pyramid's true age, who really built it and why. Softcover, 224 pages, 75 B&W illustrations, #787, \$16.

## *Templar Sanctuaries in North America*

Drawing on his access as Grand Archivist of the Knights Templar of Canada and his own role as a descendant of both Sinclair and the Anishinabe tribe, William Mann examines new evidence of the Knights Templar in the New World long before Columbus. He reveals the secret settlements they built as they moved westward across the vast wilderness of North America, evading the European church and royal houses. He explains how the Templars found refuge in the sacred medicine lodges of the Algonquins, whose ceremonies bear striking resemblance to initiations of Freemasonry. Explores how Sinclair built sacred monuments, including the Newport Tower. The author also reveals the search for Templar sanctuaries to be the chief motivation behind the Lewis and Clark expedition and the murder of Lewis. Softcover, 416 pages, 88 B&W illustrations, #785, \$20.

## *Forgotten Worlds: From Atlantis to the Hobbits*

Over and over again, mainstream views of early history—which state that the first civilizations arose around 3500 B.C.—are plagued by evidence of much older civilizations, evidence ranging from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise of the Sumerian city states and pharaonic Egypt. Viewing Atlantis and its related myths as a metaphor for a long-lost global civilization, Patrick Chouinard explores the mythological, cultural, religious and archeological evidence for many forgotten civilizations across the world. Softcover, 288 pages, \$20.

## *The Empire of the Hittites*

By William Wright. Decipherment of Hittite inscriptions by Prof. Archibald Henry Sayce. Written by a senior biblical scholar at the British and Foreign Bible Society in London, this book has its roots in the author's investigations of a series of inscriptions he discovered while on missionary work near Damascus in the Middle East. Convinced that he had found the first reference to the Aryan Hittites outside the Bible, the author then produced the first major work on the Hittite culture, examining them in terms of their own writings, and those of the Egyptians and Assyrians alike—without the fear of political correctness. The book then moves on to an evaluation of the geographical extent of the Hittite empire, its art and learning, religion and racial makeup. Softcover, 214 pages, completely reformatted, #743, \$12.

### *The Discovery of the Nag Hammadi Texts: A Firsthand Account of the Expedition*

Hidden for 16 centuries, the Nag Hammadi library, the most prodigious collection of sacred gnostic texts, were discovered in the late 1940s in Chenoboskion, a remote hamlet in upper Egypt. Among them was the Gospel according to Thomas, which aroused international publicity and alerted the world to the significance of this archeological find, believed by many scholars to surpass the Dead Sea Scrolls in importance. Here is the original survey of the contents of these documents and their significance. Jean Doresse's narrative allows readers direct contact with an ancient form of Christianity through the philosophical wealth of the texts—ranging from gnostic revelations and Christian apocrypha to Hermetic literature. Included is the original English translation of the Gospel of Thomas published in 1960. 40,000 copies sold of earlier editions. Sheds new light on the vanished world in which Christianity was born. The author was in party that discovered these ancient Coptic documents. Softcover, 384 pages, #786, 12 B&W illustrations, \$20.

### *The Lost Tomb of King Arthur*

One of the most enigmatic figures in world history, King Arthur has been the subject of many fantastical tales over the past 1500 years, leading many scholars to regard him and his fabled city of Camelot simply as myth. But, as Graham Phillips shows through a wealth of literary and scientific evidence, King Arthur was a real man, Camelot a real place, and the legendary Excalibur a real sword—and Phillips has located them all. Phillips examines the earliest stories of Arthur as well as previously unknown ancient manuscripts preserved in the vaults of the British Library. He reveals the mythic king as a real-life A.D. 500 leader who united the British. Softcover, 304 pages, \$20.

### *The Lost Colony of the Templars: Verrazano's Secret Mission to America*

In 1524 the Italian explorer Giovanni da Verrazano was sent by French King Francis I on an expedition ostensibly to find a shorter route to China. However, his true mission, says Steven Sora, was to contact a Templar colony that had been established in what is now Newport, Rhode Island by Henry Sinclair at the end of the 14th century. In his log, Verrazano recorded that his only stay on this journey was at Newport Harbor, the site of a tower built to the specifications of a Templar baptistry. This tower is a remnant of Sinclair's voyage to America nearly a century before that of Columbus (who had access to Sinclair's maps via his wife—Sinclair's great-granddaughter). While the mission succeeded in finding the tower, the colony eluded him. Softcover, 288 pages, #689, \$17.

## *Everything You Were Taught About American Slavery Is Wrong, Ask a Southerner!*

This important 1,000-page work by award-winning Southern historian Lochlainn Seabrook destroys the deceitful view of slavery annually churned out by Yankee mythologists. Lavishly illustrated with over 500 intriguing images, a helpful “world slavery time line” and a detailed index of significant historical figures, Seabrook lays out the truth: Africans were enslaving their own people thousands of years before the transatlantic slave trade and were willing partners in the acquisition of slaves for the West; white American slavery laid the foundation for Black American slavery; Africans and Arabs enslaved 1.5 million whites in the 1700s; both the American slave trade and slavery got their start in the North; the American abolition movement began in the South and five times more blacks fought for the Confederacy than for the Union; there were thousands of African-American and American Indian slave owners in early America but less than 5% of white Southerners ever owned slaves; the Emancipation Proclamation did not free a single slave—and was not meant to. Until the last day of his life, Abe Lincoln campaigned to have all blacks deported to Africa. Contains nearly 3,500 endnotes and a comprehensive 2,000-book bibliography. The foreword is by black American educator Barbara G. Marthal. Softcover, 1,020 pages, #749, \$35.

Lochlainn Seabrook. ## *Confederate Flag Facts: What Every American Should Know About Dixie's Southern Cross*

Is the Confederate battle flag truly a symbol of “hatred, racism, and slavery,” as liberals maintain? Or is it a symbol of Christian brotherhood and freedom? Says the author, it’s a sacred emblem of Southern heritage, history and honor—one of which every Southerner should be proud. Col. Lochlainn Seabrook corrects the falsehoods about the South’s most famous ensign: the Starry Cross. He provides the true history of the Confederate States of America and its time under its three official flags: the Stars & Bars, the Stainless Banner and the Blood-Stained Banner. We learn why the C.S.A. patterned itself on the original U.S.A., even copying her Constitution and flag. Softcover, 356 pages, #730, \$22.

This seminal work, the first ever to expose the authentic facts about Civil War-era Republicans and Democrats, the true origins of the war, and who really won and lost, will clarify the illogical view of the conflict. Who believes, for example, that millions of men, women, and children (on both sides) risked their lives to destroy or save slavery? Who accepts the idea that Lincoln was justified in killing hundreds of thousands of people and bankrupting the U.S. Treasury to “preserve the Union”? Thoroughly researched, historically accurate, and packed with hundreds of once-suppressed testimonies. Softcover, 347 pages, #757, \$21.

After the war, Fletcher became a successful lumber entrepreneur. Highly recommended for students of military history or anyone who likes true adventure. Softcover, 128 pages, #769, \$15.

## *The Unquotable Abraham Lincoln: The President's Quotes They Don't Want You to Know!*

After reading the eye-opening book, *The Unquotable Abraham Lincoln*, by award-winning historian Col. Lochlainn Seabrook, you'll know that the real Lincoln has been carefully concealed from us by his faithful worshippers, some of whom are simply uninformed, while others will stop at nothing to keep you from learning the facts about our 16th chief executive and his unconstitutional, unnecessary and unjustifiable war. In this handy book, Seabrook examines the politically incorrect statements they don't want you to know. Included here, among 230 footnoted entries, are Lincoln's controversial, even un-American, views on his presidency, the government, the U.S. Constitution, state rights, the Union, his war on the South, abolition, slavery, colonization, blacks, Mexicans, "mulattos," the Confederacy, Southern people, his Emancipation Proclamation, Jesus, the Bible, Christianity and more. Softcover, 150 pages, #778, \$13.

## *Too Afraid to Cry: Maryland Civilians in the Antietam Campaign*

By Kathleen Ernst. What might you do if you woke up in the morning and found all of your livestock dead or gone and a hundred corpses on the front lawn? What about the marauding armies from both sides who might still be coming your way to steal your food, burn your home or even murder you and threaten your womenfolk should you happen to be on the "wrong" side? Where would you go? Where would you hide? Could you escape? Representing 10 years of research, this book recounts the experiences of ordinary people caught up in the extraordinary events at Antietam in 1862. For those who think war is a glorious affair, this account will reaffirm the point that war is something to be avoided at all costs, as it affects not just soldiers, but the huge numbers of innocent inhabitants caught up in its fury. This book contains numerous period photos and illustrations, a detailed author's preface and extensive footnotes, bibliography and index. Softcover, 320 pages, #777, \$25.

## *A Rebel Born: A Defense of Nathan Bedford Forrest*

By Col. Lochlainn Seabrook. Gen. Nathan Bedford Forrest was a brave and ingenious Confederate officer who won all but one of the battles he led, a philanthropist who gave generously to family, friends and charities, and a humanitarian who not only spared the lives of numerous Yankees on the battlefield, but who freed his slaves years before Lincoln issued his fake Emancipation Proclamation. Additionally, Forrest crusaded to bring new African immigrants into the South—with full civil rights. No one would know any of this by reading the typical works on Forrest. In fact, according to most authors, Forrest was a violent redneck, a racist, a barbaric slave trader, a philanderer, an illiterate hillbilly, the founder of the KKK and "the butcher of Fort Pillow." None of this is true. Book contains 2,000 footnotes, hundreds of rare pictures, an 800-book bibliography, index and more! Softcover, 822 pages, #776, \$35.

## *Blood in the Ozarks: Union War Crimes Against Southern Sympathizers and Civilians*

Deep in the Ozarks of Missouri, a battle still rages about a massacre that happened on Christmas Day of 1863. While some call it a rescue mission to liberate captured Union soldiers, others claim it was mass murder. The War of the Rebellion was a bitter and brutal conflict, but perhaps never more so than in the state of Missouri. The conflict was punctuated with multiple Union war crimes, especially in the eastern Ozarks. As a result, 27,000 Missouri citizens were killed. Local historians have worked diligently to cover up these war crimes to protect local reputations. Author Clint Lacy presents all the known evidence. Lacy also discusses other war crimes committed by Union forces, shining the light of truth on one of the darkest periods of American history. Softcover, six appendices, newspaper reports, diary entries, photos, 157 pages, #725, \$17.

## *Maryland, My Maryland: The Cultural Cleansing of a Small Southern State*

By Joyce Bennett. Maryland was founded as a plantation colony like Virginia and its way of life did not differ greatly from Virginia's. The "Star-Spangled Banner" was written by Francis Scott Key as he watched the British attack on Baltimore during the War of 1812. But few know that, in 1861, Francis Key Howard, his grandson, wrote this: The flag which then he so proudly hailed, I saw waving at the same place over the victims of as vulgar and brutal a despotism as modern times have witnessed. Howard was one of the many Marylanders who were political prisoners of Lincoln, arrested to prevent Maryland from seceding. As soon as Union occupiers departed, Maryland elected conservative Democrats to office, a practice that continued well into the 20th century. Bennett knows the real culture of her commonwealth. She has watched Maryland's speech, manners, cuisine, attitudes and traditions erased by newcomers who have turned it into a part of the northeastern megalopolis. Softcover, 214 pages, #775, \$22.

### *Confederate Monuments: Why Every American Should Honor Confederate Soldiers and Their Memorials*

Why is the Left targeting Confederate monuments for removal and destruction? Ignorance, social spite and political expediency! But the liberals' sinister efforts to eradicate American history do more than just offend the living. They are an insult to the honor and memory of one of the most courageous and patriotic American servicemen the world has ever known: the Confederate soldier. If you are a truthseeker and want to know why Confederate monuments should be treated as national treasures, you owe it to yourself to read the deeply researched works of world acclaimed Southern historian Col. Lochlainn Seabrook. He first debunks the fake history fabricated by the Left to conceal the facts about Lincoln's War and turn America against the South. He explains the true history of the conflict, the early tradition of nationwide U.S. support for Confederate soldiers, the unique origins of Southern patriotism, the legal rights of the Confederate dead, and the many preservation laws surrounding their memorials. Then he provides a pictorial sampling of the thousands of Confederate monuments that dot the landscape, arranged alphabetically by state. The book ends with a fascinating section of appendices comprising 19th-century speeches, addresses, articles and lists related to the Confederacy and her granite landmarks. Includes dozens of poems, quotes and genuine inscriptions from Confederate statues, all of which add further educational value to this powerful primer. Softcover, 432 pages, illustrated, #807, \$22.

### *The Suppressed History of American Banking: How Big Banks Fought Jackson, Killed Lincoln, and Caused the Civil War*

In this startling investigation into the suppressed history of America in the 1800s, Xaviant Haze reveals how the Rothschild Banking Dynasty fomented war and assassination attempts on four U.S. presidents, and how and why it began the War of 1812. Details Andrew Jackson's anti-bank presidential campaigns, his war on Rothschild agents within the government and his successful defeat of the central bank. The author explains how, after failing to regain their power politically, the Rothschilds plunged the country into the Civil War. He shows how Lincoln created a system allowing the U.S. to furnish its own money, without need for a central bank, and how this led to his assassination by a Rothschild agent. With Lincoln out of the picture, the Rothschilds were able to wipe out his money system, which plunged the country into high unemployment and recession and laid the foundation for the later formation of the Federal Reserve Bank—a banking scheme still in place today. Softcover, 240 pages, 79 B&W illustrations, #781, \$16.

### *The Memoirs of Col. John S. Mosby*

These are the memoirs of John Singleton Mosby, the legendary Confederate cavalry leader who bedeviled the Union army. With only a few thousand men, Mosby struck fast and melted away before an effective pursuit could be organized by the Yankees. His knack for disappearing into the landscape earned him the nickname "The Gray Ghost." Mosby describes his capture of a Union general; answers accusations that Stuart's mistakes cost Lee the Battle of Gettysburg; reflects on the character of Grant and Lee; and provides detailed accounts of Manassas, Gettysburg and more—including dispatches from top figures. Softcover, 262 pages, #659, \$25.

### *The Real Lincoln: A New Look at Abraham Lincoln, His Agenda and an Unnecessary War*

By Thomas J. DiLorenzo. The author makes hamburger out of sacred cow. DiLorenzo shows Lincoln as he truly was, a mentally unstable despot bent on dragging the nation into years of bloody, unnecessary fratricide. A side of Lincoln few ever knew existed is exposed for all to see. The book argues convincingly that Honest Abe was a calculating politician who subverted the Constitution, disregarded states' rights and achieved the closest thing to a totalitarian dictatorship yet seen on U.S. soil. Softcover, 361 pages, #427, \$16.

### *War Crimes Against Southern Civilians*

Walter Brian Cisco's copiously documented exposé of Union Army war crimes rips the carefully constructed facade off Lincoln's "Army of Emancipation." Far from being an army of liberators, Union troops burned, raped, ravaged and terrorized Southern civilians and former slaves from east to west. Politically correct history cannot hide the sins of the past, and a true examination of facts must occur before we can understand America's most tragic era. Softcover, 192 pages, #506, \$25.

### *The Southerner: The Real Story of Abraham Lincoln*

Did Abraham Lincoln have other plans in mind for the racial integrity of America? Have we misinterpreted his intentions in regard to the freeing of slaves? Contrary to the Hollywood myth, Abe Lincoln's greatest desire was to free blacks from slavery—and then send them all back to Africa or Central America. Only an assassin's bullet halted him from implementing these plans, as revealed in this engrossing work from Thomas Dixon Jr., the famed author of the Reconstruction Trilogy, set against a backdrop of the major events of the Civil War. Softcover, 351 pages, #649, \$26.

# DEFENDING DIXIE

**T**he idea that those of us with ancestors who fought on the Southern side of the War Between the States cannot be proud of their sacrifices or that the Southern flag displayed in any form is merely a symbol of bigotry, hatred and racial oppression is ridiculous. Perhaps for some it is. But not for the 99% of right-thinking Americans who relish true history.

The fact is, when most Southerners look at that flag they do not even think of slavery. They think about the courage it took to fight for self-determination and states' rights—something the Powers That Be hate you contemplating. The guilt trip the rabid, radical left is foisting on Southerners is the cornerstone of an effort to bring the people of the South to heel and into the New World Order.

But a good dose of the truth is what they all need!

In this special, expanded 112-page issue we have assembled as many interviews and Revisionist articles as we could jam in explaining these facts. (It could have been 500 pages.)

#### Articles in this issue cover:

- The real reasons behind the removal of monuments dedicated to Southern heroes;
- The truth about the Fort Pillow “massacre”;
- An honest appraisal of the Gray Ghost;
- Tariffs: The real cause of the war;

## *The Crusaders: The War for the Holy Sepulchre*

By Alfred J. Church. Too many people think the Crusades were “bald Christian aggressions against the Muslims of the Mideast.” Here is a wonderful retelling of the stories of the First, Third and Eighth Crusades, narrated by a fictional “wandering Jew” (cursed to live until the Second Coming of Christ). The author explains how the Islamic military conquest of huge areas of the Byzantine empire sparked the call to crusade, and then weaves the story of some of the most famous characters and events of the Crusades. From the successes of the First Crusade to the recapture of Jerusalem by the Muslims, the reader will meet Richard Lionheart, Duke Godfrey, Saladin, King Louis and others. Also the tragedy of the “Children’s Crusade.” Softcover, 175 pages, #746, \$15.

## *The Gunpowder Plot: 17th-Century False Flag—The Traditional Story Tested Against the Evidence*

By John Gerard. Edited by John Tiffany. The Gunpowder Plot of 1605—known at the time as the Gunpowder Treason Plot or the Jesuit Treason—was billed as a failed assassination plot against Protestant King James I of England by a group of English Catholics led by Robert Catesby and Guy Fawkes. The official story was that the “conspirators” were going to blow up the House of Lords during the opening of England’s Parliament on the 5th of November by igniting a massive cache of gunpowder stored in the cellars under the houses of Parliament. But does the evidence stand up to scientific scrutiny? You may be surprised by the conclusion. Find out more in this new edition of the well-researched 1897 book. Softcover, 203 pages, #676, \$22.

## *The Origins of Western Civilization*

By Dr. Harry Elmer Barnes. As you journey through this book, you will see the great cultures of the West rise and fall for reasons as simple as free trade, the quest for precious metals, usury, debt slavery, greed and the pursuit of freedom. Along the way you will see thought-provoking relationships to today’s world offered by one of the greatest Revisionist historians of the modern era. Softcover, 115 pages, #510, \$18.

## *George Washington’s Secret Six: The Spy Ring That Saved the American Revolution*

When Gen. George Washington beat a hasty retreat from New York City in 1776, many thought the Revolution might be over. Instead, Washington rallied—thanks in large part to a top-secret group called the Culper Spy Ring. Washington realized that he couldn’t beat the British with military might, so he recruited a spy network to infiltrate New York. So carefully guarded were the members’ identities that one spy’s name was not known until the 20th century, and one remains a mystery today. Historians have, however, discovered enough to say that these six individuals turned the tide of the war. Softcover, 256 pages, #685, \$28.

## *The Dartmoor Massacre: A British Atrocity Against American POWs During the War of 1812*

By Vivian Bird. Seven unarmed American prisoners were killed and more would die from the more than a score that were wounded. No members of the British garrison were killed or injured. The British garrison commander attempted to hide and bury the dead before the prison doctor could produce a body count. Also includes a list of killed and wounded and how they died, the ships from which almost all were impressed by the Royal Navy, depositions from eyewitnesses, details of the massacre, French POWs, photos and diagrams. Softcover, 104 pages, #319, \$13.

## *An Authentic Narrative of the Loss of the American Brig Commerce*

By Capt. James Riley. The true story of an American crew taken into slavery by Arab slave traders of northwestern Africa after being wrecked on that continent’s West Coast has riveted, fascinated and horrified readers since its first publication 200 years ago. The book tells in shocking detail the events before and after their capture by these marauding Sahrawi Muslims, and their endless mistreatment, which included beatings, blistering sunburn and starvation (one man lost 100 lbs.). Riley’s experiences mirrored those suffered by more than a million Europeans who were captured by Muslim slavers. Softcover, 352 pages, #742, \$15.

### *The Third Rome: Holy Russia, Tsarism & Orthodoxy*

By Dr. M. Raphael Johnson. Academic historians, liberals and communists have been fashioning a fantasy world around Russian history for nearly 100 years, spreading slander and myth about an entire population. Here's the first book in English that sets out to defend the history of czarist Russia from an internationally acknowledged expert on Russian history and Slavic studies. Chapters on every major Russian ruler from the earliest times to Karensky. Includes chapters on the Ivans, Peter the Great, Catherine the Great, the Alexanders and Nicholas I and Nicholas II. Nicely illustrated. Must reading! Softcover, 246 pages, #368, \$25.

### *The Great Boer War*

Sir Arthur Conan Doyle wanted to know what war looked like up close. He volunteered and served in the British army's medical corps, and was thus able to experience the conflict firsthand. His ensuing book was the first complete chronicle of the Anglo-Boer War. First published in 1902, Conan Doyle's book became the standard by which all other histories of that conflict were measured. In it he laments that the Boers were a tougher opponent for the British than even the armies of Napoleon. Completely reset with two dozen unique and rare pictures from the conflict. Softcover, 262 pages, #744, \$15.

### *The War in South Africa: Its Causes & Effects*

John Atkinson Hobson's prophetic book, first published in 1900, describes in detail the lies, deception, underhanded maneuverings, false propaganda—and the ubiquitous pressure groups—that lay behind the outbreak of the Second Anglo-Boer War in 1889. Faked "atrocities" propaganda, faked allegations of Boer barbarity, corruption, maladministration and the deliberate distortions and double-crossing in the "negotiations" that preceded the war are discussed. Hobson even shows how the lies also included fake stories of "Boer armaments build-ups," that were portrayed as evidence of the "Boer threat." He also spends time explaining how these allegations were spread across the English-speaking world and by whom. This new edition has been completely reset, updated and annotated. Also includes a new introduction, "South Africa 1899, Iraq 2003: The Awful Parallels," by Arthur Kemp, which details the Zionist lobby's role in inciting the Iraq War, using forgery, lies, deception and mass media—following the pattern used in the run-up to the Second Anglo-Boer War. Softcover, 277 pages, #767, \$22.

### *Who Started World War One?*

By Dr. Harry Elmer Barnes. World War I: It was the first of the devastating modern wars, involving nations from across the globe and resulting in millions of casualties—both civilians and soldiers. "The Germans started the war" is what we have been told again and again by those who control history. But how much blame should Germany bear? And what

about Austria-Hungary, England, Russia, Belgium, Italy and France? What was the complex set of circumstances that blew out of control after the assassination of the archduke of Austria-Hungary? What other options were left to the nations involved? How did England and Germany get involved? And why were Russia and France so eager for a fight? Softcover, 60 pages, #530, \$6.

### *A Short History of the Balfour Declaration*

The issuance of the Balfour Declaration set the stage for American entry into World War I and thereby laid the groundwork for World War II and the global convulsions that followed. It's the foundation of the tension in the Middle East today that points toward further war and destruction. Here is the secret history of the Balfour Declaration, laid out in no uncertain terms and devoid of euphemism and political correctness. Those who have any serious desire to understand the sources of world conflict need this candid analysis about the machinations that brought the Balfour Declaration into being—and why. Softcover, 110 pages, #625, \$12.

### *To Hell or Barbados: The Ethnic Cleansing of Ireland*

By Sean O'Callaghan. Here is the previously untold story of over 50,000 Irish men, women and children, most of whom who were forcibly transported to Barbados and Virginia as slaves. The book documents the history of these people—their transportation, the conditions in which they lived on plantations as slaves or servants, and their rebellions in Barbados. In the 17th century, Cromwell encouraged the slaughter and enslavement of the Irish for various reasons, one being that the Protestants regarded the Catholic Irish as inhuman, un-Christian and undesirable. According to the author, Irish priests were hunted down and Irish soldiers exiled to Spain or France, while rebels and widows alike were forcibly sent to the Caribbean as slaves. Over 50,000 were shipped to work in the baking Sun of the sugar plantations. This book chronicles what happened. Beatings, whippings, torture, rape and humiliation were just some of the terrible indecencies. Softcover, 248 pages, #754, \$23.

### *The Kaiser's Pirates: Germany's Raiding Cruisers 1914-1915*

This is a dramatic and little-known story of the First World War, when the actions of a few bold men shaped the fate of entire nations. By 1914 Germany had ships and sailors scattered across the globe, protecting its overseas colonies and showing the flag of its new Imperial Navy. After war broke out, there was little hope that they could reach home to join the home fleet. Instead, these widely scattered, lightly armed vessels were ordered to attack Britain's vital trade routes. Under the leadership of a few brilliant men, Germany unleashed a series of raids that threatened Britain's war effort and challenged the power and prestige of the Royal Navy. Hardback, 256 pages, 25 illustrations, #695, \$24.

## *Jewish Domination of Weimar Germany*

By Eckhart Verlag and Francis Dupont. *Jewish Domination of Weimar Germany* was the National Socialist government's first English-language attempt to explain the rationale behind their legislative moves to restrict Jewish influence in Germany after 1933. Using official pre-Nazi-era demographics, this work showed that Jews were massively over-represented in all fields of German social and economic life—except that of farming and creative work. It lists the ownership of mass media in Weimar Germany, the astonishing financial scandals, Communist and other political subversion, degenerate theater, sexual psychology, Communist indoctrination in educational institutions and the media—all of which were predominantly Jewish in origin. This new edition contains the entire original text and illustrations and benefits from a series of appendices by Francis Dupont that reveal: the measures taken by the Nazi state against Jews; details of the Haavara Transfer Agreement; the world Jewish declaration of war against Germany; the parallels between Weimar Germany and the present-day U.S. Softcover, 96 pages, #670, \$14.

## *Tell the Truth & Shame the Devil*

By Gerard Menuhin. (The anti-Zionist son of Jewish violinist Yehudi Menuhin.) Second updated and indexed edition. Nations engage in perpetual war while bankers and armaments makers line their pockets from the carnage. The citizens of the world have been cut out of government, whether they live in a democracy, republic, theocracy or dictatorship. All the while, the ruling elite grow richer as the real producers struggle. Behind the scenes, events are controlled by puppetmasters. How did this world get to be the dark place it is? Who could have stopped it? What can we do? Softcover, 457 pages, #715, \$20.

## *True Stories of Our Pioneers*

By Augustus Lynch Mason, John Clark Ridpath and Trumbull White. Here is an absolutely amazing book, written in 1904 by three American educator-historians, chronicling the heroic deeds and lives of the fathers and mothers of America. This beautiful reproduction has more than 100 B&W illustrations gracing its impressive pages. Much of this book would be considered too politically incorrect to make it into any modern history book today. Every single chapter and story in this 694-page book is filled with fact and excitement like you'll never see in the dry, politically correct histories published in our modern era. Here is America's history as viewed by the people of the early 1900s who were unafraid to celebrate our real heroes and revile the dastardly villains of our nation, at least a few of which we are sure you have never heard. Great for adults, but also perfect for a young person who wants to know what history was like before it was watered down by the Cultural Communists, intent on wiping out just this kind of inspiring cultural chronicle. A real gem of American history. Softcover, 694 pages, #761, \$40.

## *The Adventures of John Jewitt: The Only Survivor of the Crew of the Ship Boston*

Edited with an introduction and notes by Robert Brown, Ph.D. In 1803, the American ship *Boston* was attacked, seized and burned by Nootka Indians while anchored off the Pacific Northwest Coast of what is now Vancouver Island. This journal—written by one of only two survivors of the massacre—provides a fascinating insight into the author's 28 months as a slave of the Indians, one of the few white men to endure such a lengthy ordeal and live to tell the tale. A great primer on the customs and brutality of the Pacific Northwest Coast Indians. Softcover, 168 pages, #792, \$15.

## *The Fall of the Congo Arabs*

Written by one of the commanders of the European-financed force sent to end the thousand-year-old Arab slave trade in Africa, this astonishing book tells of the little-known Aran Campaign, or "Congo-Arab War" of 1892 to 1894. European intervention against the Arab slave trade started with the foundation in 1876 of the International African Association, which had as its aim the "exploration and opening to civilization of central Africa" and the "abolition of the trade in blacks." The Arab slave trade in black Africans—which had started soon after the first Muslim incursions into North Africa in A.D. 640 and continued until the 1920s—had encroached all the way to central Africa. From there, Africans were sold into slavery by other Africans—many of them converts to Islam—or by Arab colonists, all directed from the Islamic slave-trading island outpost of Zanzibar on Africa's east coast. Many important insights into the slave trade. Softcover, 136 pages, #791, \$14.

## *Indian Fighter: The Life of General George A. Custer*

By Frederick Whittaker. This dramatic biography, first produced in the year of George Custer's death, draws upon family and other original sources and takes the reader on a swashbuckling ride through some of the greatest engagements of the Civil War (Bull Run, Gettysburg, and the surrender of Gen. Robert E. Lee, amongst others) in which then-Brevet Gen. Custer played a part, through to the many battles, shocking atrocities and wars against the Indians that culminated in Custer's death at the age of 36. Great reading. Softcover, 684 pages, #795, \$30.

## *Communism in Germany*

By Adolf Ehrt. Contrary to postwar propaganda, it was not the Nazis who terrorized Germany prior to 1933, but the far left. This book, based on original police case files from the time, shows how Red radicals and their allies waged a campaign of violence, terrorism, armed uprising, forgery, subversion and espionage from 1918 to 1933. It was Communism's violent attacks on ordinary Germans that forced the creation of the self-defense "Brownshirt" units. This illustrated work shows that the

Communist conspiracy to create a 1918-style Bolshevik Revolution in Germany was far advanced and, had not the German people responded, Germany would have become a repressive Trotskyite/Leninist state. Softcover, 179 pages, #700, \$20.

### *Lost in the Jungle*

A classic study of African wildlife, culture and native tribes as they existed in the mid-1800s, written by the first European explorer to confirm the existence of gorillas and pygmies. Adventurer Paul du Chaillu describes in vivid detail African life before the advent of European colonization, and the astonishing practices, culture and environment which existed at this time. This work is particularly valuable as it shows, without prejudice, the Dark Continent as it was when whites first arrived. Read of witchcraft trials, the black man's astonishment at the first sight of a white, the amazement at everyday items such as clothes, shoes, socks, hats, music-boxes and mirrors and of how the Apingi tribe appointed him king. This book contains many sobering lessons applicable to the present day—if the reader has the vision to see and understand their meaning. This is a hand-restored and reset edition, complete with original illustrations. Softcover, 200 pages, #794, \$15.

### *FDR: My Exploited Father-in-Law*

The author, Curtis B. Dall, was FDR's son-in-law and spent much time in the White House. Thus he had an insider's view of who came to see FDR and Eleanor and how often. Dall also was a Wall Street banker and knew the tactics used to deceive the public. The book is loaded with personal anecdotes of the people Dall met during his life. This included FDR, Eleanor, Sara Delano, Baruch, Hopkins, Morgenthau Jr., Dexter White, Warburgs, Astors, Rothschilds, Lehmans and more. Dall views the stock market crash of October 1929 as "the calculated shearing of the public." He views the Fed as being against the interests of Americans. He says that the top bankers plan and execute the wars and line the pockets of the globalists. In the end he portrays FDR as a man who began his career as an optimistic ladder-climber and ended up as one of the most exploited presidents in U.S. history. Softcover, 288 pages, #696, \$25.

### *The Ford Philosophy: Writings on Business & Money*

By Henry Ford. *The Ford Philosophy* is much more than just excerpts from the writings of Henry Ford, the genius-inventor of the American automobile. This book comprises Ford's philosophy, his guiding set of principles and a road map for setting America on the path to greatness. In 64 pages, Ford cogently argues the goal of business should be to help the working man in America. Laborers have just as much right to the fruits of their labor as today's billionaire plutocrats and soft-handed executives. Saddle stitched, 64 pages, #668, \$7.50.

### *LBJ: From Mastermind to "The Colossus"*

Phillip F. Nelson's 2014 book tells the history of Lyndon Johnson after assuming the presidency upon the assassination of John F. Kennedy—a murder the author says Johnson orchestrated. Nelson examines Johnson's plan to redirect U.S. foreign policy to insert the U.S. into the civil war in Vietnam and his "Great Society." He also presents evidence to show that the Israeli attack on the USS *Liberty* in 1967 was approved by Johnson. Hardback, 640 pages, #710, \$25.

### *9/11: Made in Israel—The Plot Against America*

What this Victor Thorn book makes clear, and what many 9/11 "truthers" don't know, is that a massive deception and cover-up exists not only in the mainstream media, but in the so-called 9/11 truth movement as well. It is true that 9/11 was an "inside" job, and criminal elements within the U.S. government were undoubtedly involved. But 9/11 was much more. It was an "outside" job also, ultimately facilitated by multiple, well-coordinated Zionist and Jewish factions. Who benefited from the attacks on 9/11? Israeli Prime Minister Benjamin Netanyahu said, "We [Israelis] are benefiting from one thing, and that is the attack on the Twin Towers and Pentagon." Considering the fact that the rogue state of Israel has a prior criminal record of perpetrating just such a crime—the June 8, 1967 attack on the USS *Liberty*—the line of questioning in this case is clear: "Was 9/11 made in Israel?" Softcover, 138 pages, #788, \$15.

### *9/11 Evil: Israel's Central Role in the September 11, 2001 Terrorist Attack*

By Victor Thorn. This is the book that many influential 9/11 organizations and individuals don't want you to read or talk about. This is the book the ADL doesn't want you to read or talk about. They describe it as "preposterous," simply because the evidence compiled points a finger at Israel as a major player in the Sept. 11, 2001 terrorist attack on America. But facts are facts; we do not control where they lead. We already know why 9/11 was done, and that the WTC towers were demolished. But most everyone wants to shy away from *who* ultimately did 9/11. In the author's opinion, the nation of Israel played a central role in the 9/11 terrorist attack and he presents his body of evidence in the pages of *9/11 Evil*. Softcover, 123 pages, #789, \$15.

### *The Story of the Nations: Germany*

Germany is the heart of Continental Europe, and influences have gone forth from her which have deeply affected all of her neighbors. This volume traces the life of this powerful nation from the time when imperial Rome was baffled by her valiant Hermann, down to the hour when France fell before her, and the idea of empire became a power for peace. The absorbing story begins with pictures of the surging of the nations, the Huns, the Slavs, the Goths, the Saxons and the Franks. It tells how the heroes of old brought the people to its independent life, recounts the struggles of the various Teutonic tribes among themselves, and of all of them with their neighbors. First published in 1887, this meticulous softcover reproduction of Sabine Baring-Gould's original work includes more than 100 pertinent illustrations. Softcover, 437 pages, #751, \$20.

## *Lucifer's Army: An Exposé of Talmudic Tyranny*

This 2017 book by popular TBR author Peter Christian takes us on a whirlwind tour of Jewish and Zionist history in “chronological timeline” fashion, with to-the-point explanations of every event considered of import to the author’s thesis. Some people think the Jews run the world and have been doing so behind the scenes for quite some time. Others believe this is ridiculous, and that the Jews are just easy scapegoats, targeted because they have been so successful financially and politically over the decades. The author is definitely one who believes influential Zionists, Jewish financial giants and various secret societies have been operating the levers of power in many nations for a very long time. This book is Mr. Christian’s attempt to prove that in the most efficient manner possible. Massive list of topics covered. Softcover, 212 pages, #800, \$15.

## *The Tradition of the Mother: The Aryan & Non-Aryan in the Near East & Europe, 3000 B.C -1000 A.D.*

In this amazing compilation of in-depth essays, author William White examines the role and effects of the Aryan and non-Aryan upon the cultures of the Near East and Europe, covering the periods from 3,000 B.C. to 1,000 A.D. White calls upon his vast knowledge of ancient cultures and linguistics to rewrite the history of this tumultuous era and present us with a finely woven new tapestry, uncolored by political correctness. Beginning with the author’s explanation of how our myths and our history have been so intertwined as to leave us asking where the line can be drawn between the two—and how—he moves on to examinations of the interplay between various seemingly disparate cultures. Odin, Yahweh, the Aryan in antiquity, the errors of Josephus; the tradition of the Mother Goddess cults; the root religions; the Trojan period; the mysterious Etruscan people and the influence of the Semite; the goddess Uni and much, much more. Softcover, 233 pages, #821, \$25.

## *Nova Europa: European Survival Strategy in a Darkening World*

By Arthur Kemp. Drawing upon history and two practical examples (the Afrikaner town of Orania and the Zionist state of Israel), the author forms a coherent argument for the creation of, at first, local European communities and then, eventually, the creation of a European ethnostate arising from the chaos of a Third Worldized globe. It includes detailed steps and territorial proposals. It is a positive, practical answer to the crisis facing European man that, if implemented, might provide our only salvation. Softcover, 88 pages, #723, \$12.

## *Jihad: Islam’s 1,300-Year War Against Western Civilization*

By Arthur Kemp. Chapters include: The Mind Set Which Gives Rise to Islam; Born in Conflict—Muhammad and the Rise of Islam; The Muslim Invasion of the Middle East; The Muslim Invasion of North Africa; The Muslim Invasion of Western Europe; The Muslims Invade the Eastern Roman Empire; Europe Attempts to Fight Back—The Crusades; The Muslim Destruction of Constantinople; The Muslim Invasion of South-eastern Europe; The Muslim Invasion of Italy; Reconquista—The Muslims Driven Out of Iberia; The Muslims Driven Out of the Balkans; The Modern Muslim Invasion; What Must Be Done if the West Is to Survive. Softcover, 88 pages, indexed, #726, \$12.

## *The Lost White Race*

By Ira Calvin. The author takes the stand that there will have to be two worlds, i.e., a white world and a colored world. He maintains that if we don’t do this, the white race will die, and in the end there will be only one world: a colored one. The author makes a strong and justifiable appeal for a setup wherein the white race can be assured of continued existence, which, he believes, is the best thing for the future of the world, i.e., a white homeland. Softcover, 184 pages, #661, \$20.

## *Ways That Are Dark: The Truth About China*

By Ralph Townsend, veteran U.S. diplomat to China in the 1930s. Read the truth about the Chinese people: their tolerance for pain; the British depredations of the opium period; their resistance to change; their exotic tortures; their legendary xenophobia; the resilience of the Chinese people to disaster; and even more. Softcover, #4, 336 pages, \$15.

## *The Races of Europe*

By Carleton S. Coon. This book is the most important anthropological overview of European racial types ever published. Printed in 1939, this work remains a standard in racial typology. After a huge survey of the available data, Coon concluded that: The White race is of dual origin, consisting of sapiens and neanderthal types and Mediterranean (purely sapiens) types; the Upper Paleolithic people are the indigenous people of Europe; the Mediterraneans invaded Europe during the Neolithic period; when Upper Paleolithic survivors and Mediterraneans mixed, a process of “dinarization” occurred. Coon classified the white races after regions or sites such as Borreby, Ladogan, East Baltic, Danubian, Lapish, Irano-Afghan, Hallstatt, Tronder, Dinaric, Noric, Armenoid etc. Softcover, 8.5 x 11, 436 pages, maps, charts, photos, #608, \$40.

### *March of the Titans: A History of the White Race*

Here it is: the complete and comprehensive history of the white race, spanning 500 centuries of tumultuous events from the steppes of Russia to the African continent, to Asia, the Americas and beyond. This is their inspirational story—of vast visions, empires, achievements, triumphs against staggering odds, reckless blunders, crushing defeats and stupendous struggles. This book also presents a revolutionary new view of history and of the causes of the crisis facing modern Western civilization, which will permanently change your understanding of history, race and society. Covering every continent, every white country both ancient and modern, and then stepping back to take a global view of modern racial realities, this book not only identifies the cause of the collapse of ancient civilizations, but also applies these lessons. Arthur Kemp spent more than 25 years traveling four continents, doing primary research to compile this unique book—a book to pass on from generation to generation. ### *White World Awake! Stopping the Planned Extermination of Our Volk*

Western civilization is in desperate peril. White people—our volk—are in trouble. The question of the day—and very likely the question of the millennium—is whether Europe will survive—and with it its American, Canadian, Australian and South African cousins—and, if so, how? Seeking to answer those questions is a very important book, *White World Awake! Stopping the Planned Extermination of Our Volk*. Those who seek the truth will find the truth in the pages of this book, and those looking for a practical plan of action will find that as well. For too long, observes the author, white people have fought among themselves. The European Union and NATO are failed efforts to correct that situation. Europe faces an existential threat with tsunamis of unassimilable Africans, Middle Easterners and Asians swarming in. The time has come for Europe to speak with one voice on such matters, while it is equally necessary for each nation and ethnic group to preserve its distinctive culture, and for historical injustices to be discussed honestly. Traitor politicians who see no problem in allowing white nations to be transformed into mixed-race caliphates—a dream of the mysterious Richard von Coudenhove-Kalergi—will be voted out of office. This is a book that needs and deserves to be in the hands of every concerned person who cares about the future of the Western world. Softcover, 540 pages, #753, \$35.

### *The Cid Campeador and the Waning of the Crescent in the West*

**NEW!** By Henry Butler Clarke. Written in 1897, here is the story of Rodrigo Díaz de Vivar (c. 1043-1099), a Castilian nobleman and military leader in medieval Spain. The Moors called him El Cid, which meant the Lord (probably from the original Arabic *al-sayyid*). The Christians called him *El Campeador*, which means "Outstanding Warrior." Written before the era of political correctness,

here is The Cid's story—and that of Spain—from the Muslim conquest (A.D. 711) to the time of The Cid himself, until his death in A.D. 1099. Chapters cover the Saracen conquest, the ancestry of The Cid, the legendary accomplishments of The Cid as a young man and his youthful exploits, the reign of Don Sancho, the accession of Don Alfonso and the banishment of The Cid, The Cid in exile, the conquests of Alfonso and the condition of the Saracen princes of the south, the Almoravides in Spain, the Battle of Zalaca, the reconciliation of Alfonso and The Cid, Yusuf's return, the outlawing of The Cid again, conquests in Andalusia, the unification of Spanish forces, the revolution at Valencia, Ibn Jahaf, the sieges of Valencia, The Cid's victory, the marriage of his daughters, the last battle and his death. Includes three appendices: 1) Judicial combats between noblemen; 2) The laws of banishment; and 3) Ritualistic controversy in the 11th century. Softcover 382 pages, indexed, 20 maps and illustrations, #820, \$25.

### *The Zionists: Zionist Wall Street*

Here is an updated reprint of the classic book by Judge George Washington Armstrong that discusses the history of the Jews and their control of international finance. Includes sections on the Talmud, the Protocols, Federal Reserve System, the League of Nations, World War I, President Wilson, Theodor Herzl, Kaiser Wilhelm, the sultan of Turkey, Baron Rothschild of Paris, Franklin Roosevelt—portrayed as a traitor, the war criminals of Pearl Harbor, the Morgenthau-Zionist hate program, the Marshall and Levitski plans. Also includes the entire text of Armstrong's famous book of nearly 100 pages entitled *Zionist Wall Street*. Softcover, 250 pages, #765, \$18.

## *Christmas Before Christianity: How the Birthday of the Sun Became the Birthday of the Son*

By Lochlainn Seabrook. This detailed book explores the pre-Christian foundations of humanity's most popular holiday, including the many pagan gods, goddesses, myths, rituals, legends, ceremonies, customs and beliefs that contributed to its creation and development. Special emphasis is placed on ancient Egypt, where many modern Christmas traditions are traced. From every major facet of the Nativity to the décor and traditions of Christmas celebrations, paganism permeates the Christian tradition and His birthday celebration. Even Santa Claus and St. Nicholas were from pagan ideas. Seabrook also discloses pagan-rooted celebrations practiced around the globe today. But Christmas celebrations were not always so well received. Fourth-century church father Origen strenuously opposed the holiday exactly because of its pagan roots. You'll learn about that, too—and more. Softcover, 300 pages, #773, \$22.

## *Judaism in Music: Wagner for the 21st Century*

German composer Richard Wagner wrote with the same intensity that characterized his powerful music. In 1850, Wagner penned an article entitled "Judaism in Music," which caused such a firestorm that, in 1869, he published an unapologetic letter entitled "Some Explanations Concerning Judaism in Music." It turned into this book. This volume includes a foreword by Australian Revisionist historian Dr. Fredrick Töben and concludes with an essay correcting the historical record about Wagner by Andrew Gray. As an added bonus, we have included Mark Twain's remembrances of the time he went to hear Wagner performed. This special edition of *Judaism in Music* was compiled, edited and introduced by TBR assistant editor Ronald L. Ray. Softcover, 125 pages, #705, \$15.

## *The Work of All Ages: The Ongoing Plot to Rule the World from Biblical Times to the Present*

By Peter Christian. This book is a brief history of the Jewish people, from the days of Abraham to the present. They are a very intelligent and well organized group, but are often resented though they are champions of civil rights movements. From ancient times, they have had a close-knit community and a shared vision of world supremacy, based on the belief that they are God's "chosen people." They see the people of the world as "goyim." The state of Israel has even threatened to target the great Christian and Muslim centers of the world with nuclear weapons if it is threatened with destruction before the "messiah" comes. In 33 chapters, this book reviews some of the things that have been done over the centuries to advance this agenda. Softcover, 230 pages, #585, \$25.

## *Barbarian Cruelty: An Eyewitness Account of Slavery Under the Moors*

This lost classic by Francis Brooks is back. It was during the 1600s that Barbary slavers—pirates from the coast of north Africa—were most active and ferocious. With the full support of Moorish rulers, these Muslim slavers raided Atlantic and Mediterranean Europe, Britain, Ireland and even Iceland at will, carting off hundreds of thousands of whites as slaves. Few ever managed to escape. This book, first published in 1693, contains one of the few eyewitness accounts written by a white slave who managed to get away from his captors. Softcover, 52 pages, #650, \$9.

## *From the Temple to the Talmud: Exploring Judaic Origins, History, Folklore and Tribal Traditions*

Dr. Harrell Rhome offers a panoramic look at Jewish history, culture and religion from a Revisionist perspective. Not content to merely repeat the findings of other researchers, Rhome offers a new interpretation of Jewish history, one that is sure to enrage some and leave others standing in ovation. Going back to primary and ancient sources, while also including research from politically incorrect sources, Rhome covers this expansive history in a lively style, accompanied by many illustrations and a lengthy list of sources for future research. Softcover, 261 pages, #606, \$25.

## *Muhammad: His Life Based on the Earliest Sources*

Want to know more about the real Muhammad from the earliest writings? Here's a revised edition of the internationally acclaimed biography of the prophet Muhammad by scholar Martin Lings, who converted to Islam later in life. Based on the siras, the 8th- and 9th-century Arabic biographies that recount numerous events in the prophet's life, it contains original English translations of many important passages that reveal the words of the men and women who heard Muhammad speak and witnessed the events of his life. Softcover, 384 pages, #727, \$20.

## *The Centuries of Revolution: Democracy, Communism and Zionism*

Author and activist William A. White has stepped forward with an unsettling—but highly readable and consistently fascinating—exposé of the dark forces behind world subversion that have worked relentlessly on virtually every front to forcibly transform traditional European and American culture for the benefit of the financial and political power of the organized Jewish community. Democracy, Communism and Zionism are the tools used to wreak their global mayhem and, believe it or not, they are very similar systems in many ways. Softcover, 200 pages, #617, \$25.

## *Russian Populist: The Political Thought of Putin*

By Matthew Raphael Johnson, Ph.D.—an acknowledged expert on Slavic and Russian studies. Russian president Vladimir Putin is one of the most reviled politicians in the West. But his political and economic successes are too startling to be ignored. He has brought Russia back from the brink of financial disaster to take it once again to a position of global leadership. With high rates of economic growth, military and police reform, and a concerted attack on official corruption, Putin has become a trusted populist leader and a significant figure in global nationalism, non-alignment and multipolarity—and this is why the Western media vilifies him daily. He is looked upon by many as the only force standing between the Western world and the dreaded implementation of the New World Order. Softcover, 178 pages, #630, \$25.

## *A History of Central Banking & the Enslavement of Mankind*

By Stephen Mitford Goodson. This volume focuses upon the role of banking and money in history from ancient times to the present. The role of moneylenders in history has been called the “hidden hand.” It is the power to create, lend and accumulate interest on “credit,” and then re-lend that interest for further interest, in perpetuity. Somehow, however, the moneylenders have persuaded governments that banking is best left to private interests. Wars, revolutions, depressions, recessions and social upheavals have been directly related to the efforts of these moneylenders to retain and extend their power and profits.

When anything has threatened their scam, they respond with war and revolution. The progress of a civilization relates to the degree by which it is free from the influence of debt, and the degradation that results when the moneylenders are permitted to take power. Goodson shows that both world wars, the Napoleonic Wars, the American Revolution, the rise and fall of Caesar, the overthrow of Qaddafi and the revolution against Nicholas II all relate to this “hidden hand.” This is the key to understanding the past, present and future. Softcover, 226 pages, #783, \$20.

## *A SERIES OF BOOKS FOR THE NATIONALIST BY R.M. WEST*

### *The Nation as Race & Myth*

By R.M. West. West’s historical and political novel brings into focus the challenges facing the European race in the present and future, as well as examining its sustaining myths. Mr. West says in the foreword to the book: “The purpose of my book is to put forward a political argument. If, in doing so, a myth is created, so much the better. The modern world is impoverished by its lack of myths. Our ancestors knew the power of myth and we neglect that power at our peril. A myth can transform the universe with something even more powerful than facts—an idea.” Required reading. Softcover, 213 pages, #532—regularly \$18—**now \$9!**

### *The Revolt Against Empire*

This biting political novel is the second in R.M. West’s trilogy. The three books together are, the author says, an experiment in new nationalist writings. Neo-nationalism is an expanded version of nationalism. Its allegiance is no longer to the abstract notion of a state, but rather to the earthly realities of race and the unique myths and culture that nourish it. It is indisputable, says West, that a race is lost as a coherent whole if it reaches a point in its history where it no longer recognizes as vital the emblematic images of its founding myths. In a clever and engaging fashion, West crafts the book around military dispatches of the year 2019 from a war between “the Globalist Empire” and the Euro-American Secessionist forces. Between chapters, fictional historian John Henry York fills us in on the events of the era. His diary entries predict a world that may be in our future. Who will

win this race war that the massive forces of Asia have brought against the white world? Find out! Softcover, 195 pages, #703—regularly \$15—**now \$7.50!**

### *The Wars & Other Related Events*

This last book of R.M. West’s nationalist trilogy was written as a decisive warning: Something of great weight and bulk is hurtling at break-neck speed toward us. This is not a cartoon cliché—our culture is in a shambles. And now, our race, our last refuge, our final line of resistance is under assault. “Stop!” That is what the anonymous narrator of this final book said before the novel began. He was among the first to see the galloping advance of a runaway horse named “Destruction.” He became one of the early founders of the anti-globalist movement. Now, at the age of 70, he calls himself an “old man.” He carries wounds both visible and hidden. His narration of *The Wars & Other Related Events* is his memoir. It will be his only monument. Softcover, 120 pages, #801—regularly \$15—**now \$7.50!**
